

# TRADITIONAL ART PROGRAM

If you are looking for a more traditional art class, one with painting and drawing, then check out the Traditional Art Program.

## ART 1 (grades 10-12)

This class focuses on drawing, painting, and collaging techniques often associated with an art class. Explore color pencils, watercolor paint, color theory, and the history of art. Students develop a portfolio of artwork and exhibit their work on campus.

## ART 2: DRAWING AND PAINTING (grades 10-12)

This is a 2nd level drawing and painting class. The prerequisite for this course is Design A/B or Art 1. Further develop your drawing skills and begin to create your own personal style. Portrait drawing, still life, printmaking and acrylic painting are the focus.
