# **Position Description**

A teacher mentor is a supportive guide for new educators, offering tailored guidance and feedback to ensure their success. They facilitate discussions on instructional concerns and self-care resources, fostering a collaborative environment for sharing challenges and seeking advice. They model effective teaching practices and strategies through informal observations and one-on-one mentorship sessions, promoting classroom management and student engagement techniques. Additionally, they assist in navigating technology, reviewing safety procedures, and accessing district resources. By fostering open communication and advocating for teachers' needs, they contribute to a culture of continuous learning and professional growth within the school community.
