

# PHOTOGRAPHY PATHWAY

Jen Kennedy

Photography  
Instructor

1

## PHOTOGRAPHY 1 (grades 9-12)

Introduction to computer-based photography with an emphasis on using a camera. Students create prints and a digital portfolio of their completed work. Earn 3 units of college credit!

2

## PHOTOGRAPHY 2 (grades 10-12)

Explore more about careers in photography. Learn traditional photography using a 35mm film camera & darkroom processes such as cyanotypes and polaroid emulsion lifts. Earn 3 units of college credit.

3

## ADVANCED PHOTO (grades 11-12)

Pushing your skills to a professional level! Create a portfolio of work that demonstrates advanced skills in camera controls, learn studio lighting. Some student pursue an AP 2D design Portfolio.

4

## MULTIMEDIA 1 (grades 11-12)

Emphasizes image making with a drone, camera and video camera. Learn to fly a variety of drones and cameras. Students will prepare for the FAA Part 107 UAV Pilot's License, passing the test in Spring semester.
