Pre-Meeting Information -

Meeting Notes -

- JRES will exit TSI if our MLLs can make their growth. Stacy Briggs will attend our staff meeting to discuss our TSI status.
- Interventionists created groups for our MLLs- students who are almost out of the program and students who need to make their own growth. We plan on inviting an interventionist to a meeting to help explain our MLL growth.
- Looked at SLT team goals that were presented to the District leadership team. Drilled down at each grade level.
- A lot of the SCC funding is used for the aides that help to provide intervention.
- Debriefed on the Innovative School Summit. The conference focused on at-risk students, innovative teaching, leadership development, and social-emotional learning.
- K-3 is implementing two new ELA programs this year: 95% and Wit and Wisdom.
- We will start setting goals for the 25-26 school year at our January meeting.
- We will start writing a grant for staffing because we may need more funding before the end of the year. To stay within budget, we potentially need another \$20,000.

Action Items -

Attendance

Council Members - Catherine Hedman, Jennifer Riggs, Christina Kim, Brittany Bailey, Shawn Kuennen, Elisa Hunter, Mary Cashen

Excused - Michele Villalobos

Visitors -
