

Dear TCSC Families,

On behalf of Tipton Community School Corporation Dining, I would like to take this opportunity to welcome your student(s) to the 2024-25 school year!

With day-to-day life beginning to return to a much-needed steady schedule, we wanted to share some great news that will impact all students:

We are thrilled to continue to **safely** serve students delicious, fresh and nutritious meals at no charge, and we are equally excited to re-introduce our favorite programs to deliver fun, exciting and tasty experiences to students throughout the coming year:

- Global Flavors menu promotions, highlighting recipes inspired by actual chef's which give your child a unique chance to taste some trending and new options. First up: Chicken Katsu Bowl – yum!
- Special events celebrating national food days and seasonal flavors.
- Our Feed Your Potential 365 program ([www.fyp365.com](http://www.fyp365.com)) offering delicious recipes, nutrition news and health insights to help support wellness at school and at home.

We also have a new point-of-sale system we will be using at our registers this year. This new software will be automatically depositing change directly to the lunch account of any student/staff that makes a cash transaction. Please be prepared for this when sending money for lunch or making transactions at the lunch registers. We are excited to have the new software that is very customizable and allows a parent to restrict a la cart purchases and much more. Please reach out to the cafeteria manager if you have any special dietary issues/needs or allergen related concerns (we also have a meal modification request form you can easily do online via the food service page at [www.tcsc.k12.in.us](http://www.tcsc.k12.in.us))

The demands of the classroom can be difficult for children who are hungry, as you know, and studies indicate students who eat breakfast can concentrate better, earn higher grades and have fewer illnesses\*. One thing that you can do to help this important cause is to encourage your students to eat breakfast and lunch every day. We also encourage you to apply with us to receive free or reduced-priced meals via the state-sponsored program. To apply for free or reduced-price school meals, follow the instructions in your enrollment packages or click the link on our food services section at [www.tcsc.k12.in.us/food-services](http://www.tcsc.k12.in.us/food-services) in the bottom right-hand section. If you'd like more information, please call our office 765-675-7521 ext. 310 or email us at [aproulx@tcsc.k12.in.us](mailto:aproulx@tcsc.k12.in.us) or check the district website [www.TCSC.K12.IN.US](http://www.TCSC.K12.IN.US) for the latest news and updates.

We can't wait to serve your student(s)!

Best wishes for a successful 2024-25 school year,

Adam Proulx  
Food Service Director
