A.C.E. ACADEMIC SUPPORT CENTER FOR ALL!

ACE is our Academic Center for Excellence, and YOUR student has access if needed. ACE is all about the following:

- It is an academic support center run by a licensed teacher (Wendy Bennett).
- The goal is to provide support to students for their classwork, study and organizational skills, time management, assignment and project completion and so much more.
- Faculty, staff, **families and students** may fill out a referral form designating what areas a student needs assistance and a meeting will be scheduled with the student.
- Many students visit ACE on a daily and/or weekly basis, while others may request time as needed.
- Providing this support to students encourages academic success, self-advocacy in the classroom and school community, and lifelong learning skills (Portrait of a Graduate competencies).

Reasons to request ACE for your student:

- Student needs help with studying or organizational skills
- Student struggles to meet proficiency with content (ex: math, English)
- Student needs support with time management
- Student needs support with assignment/project completion

Interested in referring your student? Log into <https://forms.gle/2trWkLzoqucn9yeS6>.

Need more information? Contact rdiesz@hoosacvalley.org or wbennett@hoosacvalley.org. They will answer any questions you may have about this process.

All this information is posted in weekly Words from Byrd and on our website at hoosacvalley.org.
