Learning Recovery Emergency Block Grant

Hawthorne

Status: [Edit](#)

PURPOSE

The Learning Recovery Emergency Block Grant (LREBG) was established in response to the emergency caused by the COVID-19 pandemic to assist schools serving pupils in the long-term recovery from the COVID-19 pandemic, including addressing pupil learning, mental health, and overall well-being. The LREBG allocates \$6,800,050,000 to local educational agencies (LEAs), including county offices of education, school districts, and charter schools beginning Fiscal Year (FY) 2022–23 through 2027–28.

LEGISLATIVE AUTHORITY

Education Code (EC) Section 32526.

REPORTING REQUIREMENTS

LREBG recipients are required to report interim expenditures of apportioned funds **on or before December 15, 2024**.

LEAs receiving LREBG funds shall report using the template developed by the California Department of Education (CDE), and make publicly available on their internet websites, interim expenditures of those apportioned funds to the CDE.

If a charter school ceases to operate before December 15, 2029, a final expenditure report must be submitted within 60 days of the effective date of closure and the CDE will bill the LEA to recover any unspent funds.

INSTRUCTIONS

In the Expenditure Table below, select the “Edit” button under the LEA Action column for each allowable use of funds that the LEA intends to report an expenditure amount. Please provide expenditure data for FYs 2022–23 and 2023–24 as applicable. See the table header for specific performance period information for each FY.

After entering an expenditure amount, select “Update” to populate the data into the table.

Once the Expenditure Table is complete, and there are no error messages, the LEA will review all reported data in the Report Summary. If the Report Summary is incorrect, please make revisions and/or email CDE staff at LREBG@cde.ca.gov for technical assistance. If the Report Summary is correct and there are no reporting errors, the LEA will submit their expenditure report by selecting “Submit” at the bottom of the screen.

Pursuant to EC Section 32526(e)(1), LEAs are required to make interim expenditures of apportioned funds publicly available on their internet websites. To assist in meeting this requirement, the LEA will have the opportunity to export their Interim Expenditure Report from the GMART into an Excel document. Before submitting, the LEA must enter required details for the person submitting the report.

LEA Allocation

LREBG Allocations are available at <https://www.cde.ca.gov/fg/fo/r14/lrebg22result.asp>.

LEA Name	LEA Allocation
Hawthorne	\$10,912,116

Remarks

Remarks from LEA (optional):

Hawthorne School District (HSD) is utilizing the Learning Recovery Emergency Block Grant strategically over the 2024-2025 to 2027-2028 fiscal years to address the pandemic's impact on learning. With these funds, HSD is focusing on targeted learning recovery efforts, including remediation programs, pull-out and push-in support, and personalized, small-group instruction. Additionally, the funds will support extending staff roles initially focused on learning loss mitigation through one-time pandemic funding into a longer-term commitment to learning recovery. This strategic allocation ensures continuity in critical instructional support, sustaining focused intervention to accelerate academic growth and close learning gaps for students most affected by the pandemic.

This plan aligns with several key areas within the Learning Recovery Emergency Block Grant (LREBG) allowable uses. By prioritizing small-group instruction, pull-out and push-in support, and targeted interventions, HSD directly addresses Accelerating Learning, a core LREBG goal aimed at rapidly advancing academic growth for students impacted by the pandemic. Additionally, the extension of staff roles from short-term learning loss mitigation to a sustained focus on recovery aligns with Instructional Learning Time objectives, ensuring that staffing ratios and instructional support remain consistent for meaningful impact over time. Finally, this approach supports Additional Academic Services, allowing for ongoing monitoring and tailored instruction that responds to student progress and needs. Through these combined efforts, HSD maximizes the potential of LREBG funds to provide impactful, long-term learning recovery for its students.

Report Submitter

LEA Name: Hawthorne School Distri

First and Last Name: Jose Moreno
