2024-2025 School Year

Welcome!

The Technology Vision Committee is seeking new members to develop and implement a comprehensive technology vision that aligns with the Deer Valley Unified School District strategic plan priority areas, fostering a culture of innovation and effective use of technology in education. A committee of this nature last convened in 2017. The committee will assess current practices, progress, and needs to inform the creation of a technology roadmap outlining key initiatives, timelines, and resource requirements.

The Technology Vision Committee will consist of representatives from all relevant departments and stakeholder groups. This will be a cross-functional committee comprised of diverse stakeholders, including teachers, administrators, parents, students, and community members. The committee chairperson will recruit members and review volunteer applicants with an aim for representation and balance among committee member roles and perspectives.

The Technology Vision Committee meetings are scheduled monthly at 5:30-7:30 PM on Monday 11/18/24, Thursday 1/23/25, Thursday 2/20/25, Monday 3/10/25, & Thursday 4/24/25.

If you are interested in being a committee member, please complete the Deer Valley USD 2024-2025 Technology Vision Committee Volunteer Application form - <https://url.dvUSD.org/TechVisionApp>. If you have further questions, please contact Michelle Coots, michelle.coots@dvUSD.org.

Sincerely,

Michelle Coots
Manager of Instructional Technology
Deer Valley Unified School District
