

# 2024-2025 Cherokee Elementary ACIP

## Cherokee Elementary School

### Vision

We believe collectively as a school, that together we can impact all students, no matter what! We agree that children can grow one academic school year, and we have the capacity for supporting his vision through Professional Learning Communities.

### Mission

To transform student lives using teachers' passion, inspiration, and heart. Giving all children the dream and realization that they can learn and be successful.

### Beliefs

Professional learning communities address the different needs of our school.

Time to collaborate to increase student achievement.

#### Growth Grading

##### Objectives

- Move from traditional grading practices to standards-referenced grading in all three grades.

##### Critical Initiatives

- Grade level professional development with contracted specialist to develop measurement topics, proficiency scales, and align assessments.
- Weekly PLC meetings to calibrate assessments and guide instruction.
- Parent Conferences one to two times per year to explain progress using data binders and assessment data.
- Offer a variety of special area classes to allow students high-quality instruction in standards supported curriculum while classroom teachers collaboratively plan instruction, assessment, and grading.

#### Assessment Proficiency

##### Objectives

- Student proficiency on ACAP ELA and Math will increase by 5% from last year.

##### Critical Initiatives

- Refine instruction based on standards using proficiency scales.
- Use online resources for standards instruction and assessment.

#### Improved Communication

##### Objectives

- Communicate regularly with faculty/staff and parents.

##### Critical Initiatives

- Weekly Faculty Newsletter
- Parent Communication via multiple platforms.
- Parent involvement through conferences and parent information meetings.
