

Debt Reduction Program

What is the Debt Reduction Program?

The Debt Reduction Program provides **eligible parents** with **past-due child support payments** the opportunity to **reduce the amount they owe** to the government.

General Qualifications

- As a general rule, if it is **unlikely** that you could pay off the total debt within 12 months, you may qualify.
- Must be able to pay both your current child support obligation **AND** a payment towards arrears. If you don't owe current support, only the ability to make a payment towards arrears is considered.
- Must provide **current** income and assets verification.
- **EVERY case is different**, and these are very general guidelines for review. Other details of your case may also affect eligibility.
