

# Art Enrichment

## AFTER SCHOOL ART CLASSES

On average, elementary students only get to do art a couple of times a year. We would love for kids to do more art and find the joy & confidence while doing it.

Each session focuses on one or more elements of Art. Students learn the concept of color, pattern, shape, line, texture, space and composition. Students will also be introduced to past and current artists and art movements. For grades K-5th.
