September 2024

Dear Student and Parent/Guardian,

We are extremely pleased to welcome you to the H.B. Ward Technical Center! We are thrilled to have you join our community of dedicated learners and educators. Our CTE program is designed to provide you with the skills, knowledge, and hands-on experience necessary to succeed in your chosen career path and/or continuing education. In all of our dynamic programs, you will find a supportive environment where you can thrive.

Our mission is to prepare you for the workforce and higher education by offering rigorous academic instruction coupled with real-world applications. You will have opportunities to learn from industry professionals, participate in internships and engage in projects that mirror the challenges and opportunities you will encounter in your respective field.

As you embark on this exciting journey, we encourage you to take full advantage of the resources and opportunities available to you. Our dedicated faculty and staff are here to support you in every step of the way. We believe in your potential and are committed to helping you achieve your goals.

In addition to your technical studies, we encourage you to get involved in school activities and build positive connections with your peers. The relationships you form and the experience you gain during your time here will be invaluable as you move forward in your career and life.

Enclosed, please find a packet containing a wealth of information along with yellow colored forms that must be completed and signed by both the student and parent/guardian. These yellow forms must be returned to us as soon as possible. These forms are imperative as they provide us with your emergency contact information, health information, permissions for use of materials/equipment in your program, photo/video permissions, etc. During the first week of school, your instructor will review the packet information regarding our Code of Conduct and Student Handbook, along with other pertinent information and policies relevant to success in our programs.

Once again, welcome to WTC! We are excited to see the great things you will accomplish and we look forward to a successful and rewarding school year. Together, **We Are WTC!**

Best Regards,

Kevin Bernier
Principal
