

Why do I want to use an AI tool? I want to...

Help me brainstorm ideas for planning.

Help me improve upon what I've already done.

Simplify an idea or explain it in a different way.

Make content more accessible for all.

YES!

Fully replace research-based standards-aligned curriculum

Find facts, quotes and resources for research.

NO!

Check to ensure that the AI tools are aligned to District and state requirements and laws.

Double check generated work for hallucinations and bias.

Cite the AI tool that you used (when applicable)

If AI is replacing your work for you, you are missing a learning opportunity, as well as plagiarizing.

AI hallucinations are common when using it to research topics.

Key Vocabulary

Hallucinations: When AI tools provide incorrect facts / statistics and misinformation.

Bias: AI systems learn from pre-existing information on the internet, which is not always fair or balanced.

Citing AI: Provide the name, link, prompt and date of the AI tool accessed as applicable.
