We work collectively guided by data to meet the individual academic needs of our students and to provide the social and emotional supports that remove barriers to achievement. We foster strong systems of teacher collaboration and leverage our 1:1 technology to benefit every student.

### State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

### Safe & Welcoming Environment
