- ☒ Provide opportunities for all children, including subgroups of students, to meet the challenging Missouri Learning Standards.

Description of how strategy/strategies will provide

Curriculum resources and assessments aligned to the Missouri Learning Standards ensure that all subgroups meet the standards. Systematic collection of data and goal setting with students encourages a growth mindset. Professional development done in PLC's provides teachers with strategies and resources aligned to the standards. Teachers are learning how to create differentiated center work and pull small groups to the teach table in order to provide targeted assistance. Continued PD on priority standards and proficiency scales to plan and assess students will occur during Tuesday meetings. Consistent use of BIST and Restorative Practices can ensure classroom environments are conducive to learning.

- ☒ Use methods and instructional strategies that strengthen the academic program in the school.

Description of how strategy/strategies will strengthen

Professional development focused on BIST, gradual release, and the use of math manipulatives will strengthen teacher's skillset and improve instruction. Meeting with the vertical team during PLC's ensures that there is alignment in grades K-5 and that the language of BIST, Trauma Sensitive Practices and Literacy is consistent throughout the building.
