School Goals

As NSCD high school students enter one of our vibrant neighborhood or charter schools, NCSD fosters a joy of learning, nurtures a positive vision for their future, and cultivates a school environment where all cultural heritages are valued. NCSD's high schools are striving to achieve this by providing multiple college-credit opportunities, career-technical courses, and activities for many interests.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

NCSD believes the physical, social, and emotional safety of all students is a priority no matter their demographics or identities. Therefore, NCSD has an obligation to each student, family, staff member, and community member to provide environments that hold a fundamental sense of safety and respect. NCSD values all people regardless of background, race, color, religion, sex, sexual orientation, gender identity, national or ethnic origin, marital status, age, disability, or familial status.
