We believe building positive relationships with our students is the foundation for academic success. We are dedicated to fostering an inclusive learning community that values all voices and celebrates kindness and equitable outcomes for all students. Our instructional focus is based on common formative assessment and using data to create individualized plans for every student.

### State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.
