### School Goals

We are focused on creating a highly engaging environment where all students succeed. Some of our focus areas are continuing to increase 9th-grade on track to graduate, increasing student attendance, and ensuring all students graduate on time. We are working towards these goals through the utilization of Graduation Coaches, creating a supportive and welcoming environment where all students can succeed, and creating engaging coursework opportunities through CTE programs.

### State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

### Safe & Welcoming Environment

Student physical and emotional safety is our first priority. We currently have a full-time School Resource Officer and four certified counselors that assist with this. We are also partners with Safe Oregon, which is a platform for students and parents to anonymously report unsafe school conditions, bullying and harassment situations, or any other student or parent areas of concern.
