School Goals

.

Phoenix Elementary strives to be a school where everyone feels a sense of belonging. We value positive learning environments for students by focusing on both social-emotional learning and academics. Our priorities this year centered on relationships, connections, healing-centered practices, and social-emotional learning. We implemented the RULER program to build the social-emotional skills of adults and students through an equity lens. We continued to focus on enhancing our MTSS to ensure that our students achieve academic growth and achievement.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Student safety, both physical and emotional is a priority. We utilize several programs to create a sense of belonging for all. We have an orientation on the first day with our families and our kindergarten teachers do one on one visits with all our kindergarten families. Our inclusive programs consist of a K-5 Two-Way Spanish program that highlights our Spanish community. We have a self-contained special education classroom that serves students with special needs with efforts to move toward more inclusive practices.
