

AIM Pathways to Proficient Reading Secondary Course Syllabus

AIM PATHWAYS

AIM Pathways is an interactive, digital, professional development platform designed to strengthen educators' knowledge and skills in the science of literacy instruction. Course content is aligned to the International Dyslexia Association's *Knowledge and Practice Standards for Teachers of Reading*. Online coursework is accessible at your convenience—24 hours a day, 7 days a week, anywhere there is an internet connection. In order to translate theoretical models into classroom practice, AIM Pathways courses are designed to follow a Learn, Practice, and Apply cycle:

- **Learn** – Participants acquire knowledge by interacting with video lectures, articles, animated videos, and more.
- **Practice** – Participants practice newly acquired knowledge through card-sorting exercises, quizzes, and surveys.
- **Apply** – Participants apply their understanding of the content to real-life simulations and case studies. These in-depth, multi-step scenarios give educational leaders a chance to hone their diagnostic and prescriptive decision-making skills for instructional programming.

The AIM Pathways course platform also includes a variety of downloadable and printable resources for educators to use in classroom planning and instruction, including student checklists and rubrics, systematic scope-and-sequences, instructional scripts, student manipulatives, sample lesson plans, differentiation and intervention tools, and more. These valuable resources are readily accessible to participants and easily searchable on all digital devices.

PATHWAYS TO PROFICIENT READING: SECONDARY COURSE

Pathways to Proficient Reading: Secondary is designed for teachers who teach in grade four and above who are committed to learning about the connection between reading research, theoretical models such as the Simple View of Reading and Scarborough's Reading Rope, and best practices for language and literacy instruction in the classroom. Participants will learn effective instructional practices that will benefit all students, including linguistically diverse populations and those with language-based learning disabilities. Completion of *Pathways to Proficient Reading: Secondary* is estimated to take approximately 55 hours, depending on the participant's background knowledge in the science of reading. At the end of this professional development opportunity, participants will be able to draw from their specialized knowledge in the science of reading to improve lesson planning and provide evidence-based diagnostic, prescriptive literacy instruction across content areas. The course will also prepare participants for the Center for Effective Reading Instruction's Knowledge and Practice Examination for Effective Reading Instruction (KPEERI) exam and certification.

COURSE INTRODUCTION & PRE-COURSE KNOWLEDGE INVENTORY

Participants will log into the AIM Pathways platform at <https://www.aimpathwaysonline.org/#/public-dashboard>. (If this is your first AIM Pathways course, you will receive an email from pathwaysupport@aimpa.org with directions.) The introductory section of *Pathways to Proficient Reading: Secondary* will 1) introduce participants to the digital platform 2) provide an orientation to course content and requirements and 3) require completion of a pre-course knowledge inventory to establish a baseline of current content knowledge. When participants take the knowledge inventory, they should refrain from consulting any resources.

COURSE GRADES

The *Pathways to Proficient Reading: Secondary* course includes graded assessments, including end-of-section quizzes and reading assignment quizzes. Grades are displayed as percentages. All graded quizzes in each section are averaged together to calculate the section grade, which is displayed for each section via the “Lesson Details” tab within the course. The overall course grade is an average of the participant’s section grades, displayed within the participant’s transcript once the course is completed.

Participants can improve their course grade by retaking any graded quiz; each quiz may be taken a maximum of two times. The highest score of the two attempts will be averaged into the overall grade for that section. Prior to the second quiz attempt, the system will prompt the participant to review the recommended materials associated with the missed question(s). Participants may wish to hold off on taking a quiz for a second time until after the community-of-practice meeting or request a brief appointment to speak with the facilitator so that they have an opportunity to clarify any misconceptions before their final attempt at a quiz.

VIRTUAL COMMUNITY-OF-PRACTICE MEETINGS

The 16-section *Pathways to Proficient Reading: Secondary* course is accompanied by a series of six 1-hour synchronous virtual community-of-practice meetings focused on implementation. An AIM Pathways Facilitator supports the community with translating the course content knowledge into evidence-based instructional practices. Participants will be provided a customized pacing guide for completing the course sections and attending the community-of-practice meetings. The meetings are mandatory, however, in case of an unexpected conflict, you are permitted one excused absence. In order to be excused, you must email your facilitator **prior** to the meeting, or within one week after the meeting, to explain your absence and make arrangements to watch the archived recording. If you fail to notify your facilitator within this timeframe, you will not receive credit for the session due to a lack of communication with your facilitator in a timely manner.

COURSE CONCLUSION & POST-COURSE KNOWLEDGE INVENTORY

Upon completion of *Pathways to Proficient Reading: Secondary*, participants will take a post-course knowledge inventory to assess their mastery of the content and their knowledge gains from the pre-course baseline assessment. This inventory is completed independently within the concluding section of the course. Participants are encouraged to use their note-taking

guides during the post-course knowledge inventory, which is designed to take approximately 60 minutes. Participants are allowed to use as much time as they need, although it must be taken in one single sitting by the date indicated on the pacing guide. Please note that participants are allowed **one attempt only** on the post-course knowledge inventory.

CERTIFICATE OF COMPLETION

The overall course grade is calculated based on two key components: 1) 80% from the average of your section scores, and 2) 20% from the post-knowledge inventory score. The weighted average from these two components must be **at least 80% to pass this course**. A certificate of completion is available under “Transcripts” for all those who pass the course. If, after completing the course, you retake any graded quizzes and score higher on your second attempt than your first, the system will immediately update your overall course grade and certificate of completion. Remember, you must review recommended materials prior to taking your second and final attempt on a graded quiz, and you are encouraged to ask your facilitator any outstanding questions at community-of-practice meetings and weekly office hours. In addition, please be mindful that if you intend to continue your professional learning journey and take AIM Pathways to Structured Literacy, you will be required to have a minimum course average of **at least 80%**.

CONTINUING EDUCATION UNITS

AIM Institute for Learning and Research is an approved provider of continuing education units in a growing list of states (please see our website for an up-to-date list). Educators in those states who are interested in receiving 55 hours towards continuing education units for *Pathways to Proficient Reading: Secondary* will be provided instructions for applying upon completion of the course.

GRADUATE CREDITS

AIM Institute for Learning and Research has partnered with Arcadia University to offer three graduate credits for the *Pathways to Proficient Reading: Secondary* online course **available January 2025 and beyond**. Registration for graduate credits will be available based on Arcadia's term schedule and the month in which your post-knowledge inventory is due. For example, a cohort whose post-knowledge inventory is due on June 2 is a summer registration. The enrollment process and per-credit costs are outlined at Arcadia's School of Education website (<https://www.arcadia.edu/school-education/community-and-partners>).

AIM assigns a grade upon completion of the course according to Arcadia University's Graduate Academic Policies. If you are taking *Pathways to Proficient Reading: Secondary* for graduate credit, the grade on your official transcript is determined by your course grade in the AIM Pathways platform (80% section averages and 20% post-knowledge inventory).

Please check with your degree university or school district for their policy on grade requirements for transfer of credit.
