File Structure: Disciplinary Restraint Seclusion Data

CALPADS Restraints and Seclusions Data Description

Column Field Name	Description
Academic Year	The academic year (July 1 – June 30) corresponding to the time period during which the data were collected.
Aggregate Level	An indicator of the aggregation level. T = State C = County D = District (non-charter school data only) S = Charter School **Note:** One of these values must be chosen to obtain an aggregate count at the selected level. Pursuant to Education Code section 49006, the data in this file are reported at the "local educational agency" level, which includes county offices of education, districts, and charter schools.
County Code	A unique two-digit code corresponding to the county.
District Code	A unique five-digit code corresponding to the district.
School Code	A unique seven-digit code corresponding to the charter school.
County Name	County Name
District Name	District or Administrative Authority Name
School Name	Charter School Name
Non-Public/Non-Sectarian (NPS) (All/Y/N)	An indicator of whether data at the selected level is for all schools, only non-public/non-sectarian (NPS) schools, or only non-NPS schools are included. All = Includes data for all schools for the selected Aggregate Level (T, C, or D). Y = Includes only data for NPS schools for the selected Aggregate Level (T, C, or D). N = Includes only data for non-NPS schools for the selected Aggregate Level (T, C, or D). **NOTE**: One of these values must be chosen to obtain an aggregate count at the selected level. This indicator is only applicable where the Aggregate Level = T (state), C (county), or D (district); it is not applicable where Aggregate Level = S (charter school).
Reporting Category	An indicator of the student group reporting category (race/ethnicity, gender, or student group) disaggregation or subset. Data for students not belonging to one of the student group Reporting Categories can be calculated by subtracting the counts for the student group from the total. For example, the count of students who are not students with disabilities can be calculated by subtracting SD (Students with Disabilities) counts from the TA (Total)
