

POLICY - STUDENT SAFETY

3420

The Board recognizes that safe practices should be incorporated into all aspects of the instructional program, including curricular and co-curricular activities, and directs the Superintendent to develop and post rules for safety and the prevention of accidents. These rules shall provide for:

1. Instruction of students and staff in safety and accident prevention,
2. Protective devices where they are required for the safety of students,
3. Suitable and safe equipment where such equipment is necessary for the conduct of the educational program and the operations of the schools, and
4. Creation and maintenance of a safe environment including facilities and playing fields.
