

7-12 Grades World Language Curriculum Resources

Adoption Review

Paradise Valley School District

PVSchools seeks to adopt a world language curriculum for 7-12 grades and potentially selecting different publishers to tailor content to each grade band's specific needs, including the Arizona World Language Standards and ACTFL Proficiency levels. This flexible approach prioritizes targeted learning aligned with best practices and relevance for students at all ages, allowing for options like a single publisher for the 7-8 intro course or a 7-12 publisher for on-level courses and honors/AP and IB courses. Separate publishers will also be considered for Spanish and French courses. PVSchools remains dedicated to a thorough evaluation to ensure an engaging and effective curriculum for all students.

In the PVSchools lobby, we can only display a limited amount of materials. However, the full curriculum is available online using the links and credentials below.

After reviewing the curriculum, please leave feedback on any or all vendors [HERE](#).

To return to the Committee Webpage: [Link to Committee Webpage](#)

The four curriculum options are (in no particular order):

Carnegie Learning

Vista - *Encuentros* (Middle school intro course)

Klett

Wayside

Below each vendor is the full curriculum access website designed for the PVSchools Review along with credentials for login. At these sites, you can access all materials the company has available for this adoption.

CARNEGIE LEARNING

Carnegie Learning

Carnegie can be adopted for either Spanish or French courses.
