Additional Information:

- **Tier 2 screeners** identify unfinished learning from the previous grade level.
- **Tier 1 screeners** identify unfinished learning from the current grade level.
- **Tier 3 screeners** identify unfinished learning from 2 or more previous grade levels.
- **Kindergarten readiness standards and screeners** are new for 2023-24 and are designed as one-on-one interviews.
- **Progress screeners** are available to monitor progress on all readiness standards in between readiness screening.
- **Tier 3 screeners are recommended** for students that do not get close to the learning goal after 8 days of a tier 2 intervention. Tier 3 screeners are also recommended for students previously identified for tier 3 support, such as students with IEPs and/or students scheduled for an additional section of math support.
- **Tier 3 screeners are not recommended** for students who were close to meeting the learning goal after 8 days. For these students, take a short break from the standard and then revisit the standard using the Visual Guided Practice, Online Practice, Visual Fluency Cards, and/or Virtual Card Sorts.
