

Music Change Form

Fill out this form if you are requesting to change your music class. Once the form is completed, bring it to the office to complete the schedule change. By completing this form it does NOT mean the student will drop. It only becomes official once it has been signed off by the principal or dean of students. This is due to the fact we only have so many non-music elective classes and these are scheduled out before the school year. A copy will be given back to the student when the final decision has been made.
