Lauderdale County Board of Education

Salary Schedule
2024 - 2025

LAUDERDALE COUNTY BOARD OF EDUCATION
Notes to the 2024 - 2025 Salary Schedule

When reviewing the Lauderdale County Board of Education Salary Schedule the following should be noted:

A teacher's placement on the salary matrix is based on verifiable public classroom experience in conjunction with the higher degree level identified on the Teacher's Certificate.

Experience will be verified by the Superintendent's office.

Experience credit is based on the following:

Certified:

1 Step credit will be given for satisfactory full time teaching at an accredited public elementary, secondary or post secondary school that is registered with their State Department of Education.

2 Step credit will be given for a year service where the employee worked full time with benefits, was hired anytime during the first semester, had a start date prior to January 1st, and completed the school year.

3 Step credit will be given only for verifiable years of experience, not necessarily placement on another system's salary schedule.

4 The employee is responsible for providing proof of experience.

Classified:

1 Credit will be given for up to 5 years experience in a related or equivalent field.

2 The employee is responsible for providing proof of experience for credit.

3 Existing employees will be placed on the salary schedule based on current years experience.

Unpaid leave of absence will not count toward employment credit for placement on the salary schedule.

Upon return from a leave of absence, an employee shall be placed on the salary schedule at the position based upon experience prior to commencement of the unpaid leave of absence. Subject to any legal restrictions, an employee on unpaid leave of absence may elect to continue in insurance program(s) with the full cost of the premiums being borne by the employee.

A certified employee is entitled to pay for an advanced degree in the monthly pay period that begins after the State Superintendent recognizes the advanced degree per SDE Administrative Code.

If the contract period has ended, the increase in pay will become effective with the first pay period of the next contract period.

It is the practice of the Lauderdale County Board of Education to recognize the advanced degree in the monthly payroll following the awarding of the degree based on the number of days left in the employee's current contract.

All annual salaries are rounded to the nearest dollar for presentation.

Schedules denote the number of hours and/or days to be worked, but may be employed to work more or less hours and/or days. In these cases, employees are paid the same daily/hourly rates as indicated for their job title.

Step raises are given only at the beginning of a contract year.

Payroll is paid monthly and released on the last business day of the month, unless otherwise noted and approved by the Superintendent.

Grandfathered schedules have been approved over the years and are **not** intended for new hires to be placed on. These schedules will be removed once employment ends for all employees placed on the schedules.

An employee on a grandfathered schedule can choose to be moved to the new schedule.
