Summer STEM Program

Additional information on page 5

Elementary SEL Program (Social Emotional Learning)

The 2nd annual Social Emotional Learning (SEL) Summer Program at West Canada Elementary School was a huge success! There were approximately 23 students enrolled in the program. They participated in a variety of fun-filled activities such as making jewelry, stress balls, and enjoying water days. The indoor/outdoor activities included team building activities such as play stations, kite flying, and basketball games whereby students learned how to encourage one another and be a good teammate. If you asked the students what they liked best, it would be the end of the day meditation and making ice cream sundaes.

We would like to extend a special thank you to our local Stewart's Shops for donating ice cream and the toppings. Thank you to Mrs. D'Aoust for weekly presentations and hands-on SEL learning activities. Special guests included Mrs. Hollie Wolanski and Ms. Jodi Carnwright. Because of their dedication to our school community, students enjoyed an interactive walk on the nature trail with Dozer, the therapy dog, and play time with the kittens.

FROM THE DESK OF THE SUPERINTENDENT

Mr. Jeremy Siddon

Welcome Back
I sincerely hope that everyone has enjoyed the summer. The 2024-2025 school year is rapidly approaching and soon the building will be filled with students and staff ready to begin the educational year at West Canada Valley. As always, district staff have been working diligently on curriculum and instruction this summer in order to prepare for the upcoming school year. As a district, we continue to annually review our instructional offerings to provide the best foundational programming for our students. The district also works alongside our regional support center to expand graduation pathway options that meet the needs of all students. As always, the district will continue to review and seek strategies to maximize opportunities for our students. With summer break coming to a close, the district is looking forward to welcoming back all of our students including the Class of 2025. Please enjoy the remaining weeks of summer as we look forward to seeing you at the many great events this school year.

Communication
The district is always seeking more efficient strategies to communicate with students, parents, and the community. During the past few years we have made improvements to our newsletter, added social media, and implemented phone/text connections to relay announcements and emergency information. In addition, the Schooltool Parent and Student Portals are fully operational, along with Parent Square. This allows parents, guardians and students consistent access to grades, progress reports, and important announcements. We're excited to bring you a fresh, more user-friendly website in the near future with new features to enhance your online experience.

Transportation
The transportation portion of the newsletter provides information on how you can obtain the pick-up and drop off times for your children. As a reminder, the elementary bus loop is for buses only. All vehicles must use the drop-off area located in the parking lot. If a vehicle is located in the bus loop you will be asked to immediately move to the designated parking areas. Your cooperation with the traffic pattern is certainly appreciated. In addition, please remember to sign in at the main office once you gain access through the secure entrances located in both the elementary and high school buildings.

Parking
Throughout the school year, we hope you take advantage of the many great events that we have scheduled on campus. For most, if not all events, we have enough parking spaces available at the parking lot near the main entrance and in front of the elementary school. Please note; parking in identified fire lanes and on the lawn is prohibited. This will assist the district in maintaining the safety and appearance of the campus for years to come.

Capital Project Update
As the summer comes to an end much progress has been made with the new field, lights, and bleachers. We are hoping to have the project finished by the end of September. The new field looks great and we can't wait to see the sports teams out playing on the field!

Appreciation
I would again like to thank members of the community for the ongoing support provided to the West Canada Valley School District. The many educational opportunities our students have would not be possible without your support. The West Canada Valley School District has a beautiful campus that provides a safe and secure location for the students in this community.

Once again, thank you for your support and enjoy the remaining days of summer!

Sincerely,

Jeremy Siddon, Superintendent

SEL PROGRAM

Continued from page 1.

By the completion of the program, students demonstrated an increase in their self-awareness, self-control, and interpersonal skills.

Mrs. Christiano, Mrs. West, Mrs. Farber, and Mrs. Karram enjoyed working with the students in the SEL Program this summer.

SUMMER STEM

Summer STEM 2024 was a huge success for Students entering 4th, 5th and 6th grades.

The 6th graders built scooters using the Infento Kits. Infento provides an opportunity to build life-sized, ride-on vehicles using different components. Students also completed various "Minute to Win It" challenges where we witnessed their competitive side come to life and their communication skills at work! Students attended a field trip to Danfoss Silicon Power on the SUNY IT campus where power modules for EVs are made.

The 5th grade group worked with the Infento Kits, learning the nuts and bolts that go into a build. Partners built index card towers testing different structural features for strength and durability. When hiking Bald Mountain we noted the design of the fire tower and how it compared to their designs. Teams had an egg drop competition. The winners successfully dropped an egg into their contraption at 120cm.

And finally, the 4th grade group also built index card towers and hiked Kane Mountain to compare its construction with their creations. Partners built Solar S'mores Ovens. The weather did not cooperate but everyone enjoyed the process and a sweet treat. Their final task was to design and build contraptions out of printer paper to safely catch an egg.

Each group also traveled to the Museum of Science and Technology (MOST) in Syracuse where they enjoyed power, space, earth science and health exhibits as well as a movie in the National Grid ExploraDome.

PRINCIPAL'S MESSAGE

Dear Parents and Students,

Welcome back. I hope that everyone has enjoyed the summer with their families. I am extremely excited to begin another year as the Middle/High School Principal and can't thank all of you enough for your support. This year will be an exciting year with our new turf field being completed during the first months of school. Also, Gepetto Studios is currently designing a custom Nighthawk costume which will be completed around the start of the school year.

I would like to welcome our new 7-12 Choir/Music teacher Mr. DeNova to the school. He will be replacing Mr. Carney who served as a long-term substitute during the second half of the 2023-2024 school year. Mr. Lyndaker will also be serving as a long-term substitute at the start of the school year for Mrs. Griffin (Ms. Rose).

Students will again be provided one-to-one Chromebooks this school year. With that being said, I ask that you assist us with preventing damage to Chromebooks. The district will continue to use ParentSquare as the primary notification system to communicate with families and staff.

I look forward to seeing all the students on September 4th. Please don't hesitate to call me at (315) 845-6800 with questions or concerns.

Sincerely,
Glenn M. Broadbent

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

The FAFSA is important to complete if you are a high school senior applying for college. The FAFSA is expected to be available to be completed beginning October 1, 2024 at www.fafsa.ed.gov

Herkimer College hosts multiple financial aid workshops each year, typically beginning in November. Upcoming dates are to be announced. Herkimer College also offers individual appointments to help students and families complete the FAFSA, even if the student does not plan to attend Herkimer College. Call 315-866-0300 for more information.

COLLEGE FAIR AND COLLEGE/MILITARY REP VISITS

College and Military rep visits will be posted on google classroom and the morning announcements. This is a good opportunity to learn more about colleges students may be interested in attending.

Utica University will be hosting the annual College Night on Tuesday, October 8, 2024 from 6:30 PM to 8:00 p.m. at the Clark Athletic Center on campus. Information for the event can be found at: https://www.mvcounselingassociation.org/

SCHOLARSHIPS

Numerous scholarships are available to seniors through the generous support of many individuals and organizations in our community. A few scholarships will be available this fall, but the majority will be posted in the spring, so it is important to keep checking throughout the entire year. All students are encouraged to consider applying for these scholarships, as not all require applicants to be college-bound, and many do not have minimum GPA requirements. Scholarships will be presented at the 2024 Commencement Ceremony on June 24. Your counselors maintain a rolling spreadsheet of all available scholarships, including the name, description, eligibility criteria, and due date of each scholarship. This information is shared with seniors in several ways:

- Posted in the WCV Guidance Class of 2025 google classroom
- Email update through google classroom
- Posted in the window of the guidance office (located in the senior locker wing)
- Printed copies of the spreadsheet are available in the guidance office upon request

NOTICE TO PARENTS AND GUARDIANS– RELEASE OF INFORMATION (FERPA/DIRECTORY INFORMATION)

You should know the school district's procedure/policy on the Family Educational Rights and Privacy Act (FERPA) and the release of directory information. Directory information includes, but is not limited to, the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; grade level; enrollment status (e.g., undergraduate or graduate, full-time or part-time); dates of attendance; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors, and awards received; and the most recent educational agency or institution attended. Under this law, directory information may be released without prior parental consent to third parties, including military recruiters, upon request. To prevent this information from being provided to third parties, a separate request should be submitted to the school district by **September 30, 2024** indicating that your child's information should **not** be included in the school district's directory. If you make such a request, no directory information will be released with respect to your child unless you provide specific consent for the same. (The school district's annual notification for FERPA rights will be mailed to each student's household.)

Federal legislation requires the school district to give United States Armed Forces recruiters the same access to secondary students, as we generally provide to post-secondary schools and prospective employers. The law also requires that we give military recruiters the names, addresses, and telephone listings of secondary students upon request, unless the student or parent/guardian has requested that such information not be released without prior written parental consent. The purpose of this notice is to inform you that you have the right to request that the school district not release the name, address and telephone listing of your child to military recruiters without your prior written consent. If this is your desire, please provide the principal's office with a signed letter indicating such by **September 30, 2024**.

PESTICIDE SPRAYING

During the school year, we are no longer allowed to spray pesticides on our playgrounds or ball fields unless the board declares an emergency situation. In the unlikely event that this should happen, schools are required to maintain a list of staff and parents who wish to receive notification on any pesticide application, 48 hours prior to the application. If you are interested in being on the list, please fill out the form below and return it to your child's teacher. You will be asked at the beginning of each school year as to whether you would like to be included on the list. If you have any questions, please contact Shelly Maxwell, Pesticide Representative at 315-845-6800 ext 3404.

TRANSPORTATION NEWS

I would like to start with welcoming everyone back to another school year here at WCV. Listed below are a few reminders that help us here in the transportation department.

- Have a new phone number? Please contact the school so we can update our files. In the event of an emergency situation current phone numbers are very important
- Please make sure someone is home for elementary students when the bus arrives in the afternoon.
- Bus discipline issues are serious. Do not hesitate to contact either the Principal or myself with your concerns.
- Please refrain from the practice of following a bus to take a child off, or to let a child get on the bus. It can be very dangerous when students walk along the side of a bus and the driver is unaware.
- My bus is early...My bus is late....The first week of school can be frustrating for all. As the first few days of school pass the bus runs will settle down to actual times and should run within plus or minus 5 minutes weather permitting.
- State law: Never pass a stopped school bus that has its red lights flashing. This law applies in the school yard as well. Violators will be prosecuted.

CAFETERIA CORNER

Hello to all,

This upcoming School year is approaching quickly. I am pleased to announce that we will continue to provide your children with breakfast and lunch meals, free of charge. WCV continues to offer this benefit through approval of Community Eligibility Provision (CEP). Each student (Pre-K through grade 12) will be able to select foods at breakfast and lunch to meet NYSED and USDA determined requirements for a Complete Reimbursable Meal. We offer a variety of food choices that should appeal to all.

With that said, I encourage all families in our school district to fill out the CEP Household Income form that is available on the school website or in this newsletter. Your information is not shared at school and is kept secure. If your income status has changed, or your student qualified for free or reduced meals in the past, please consider updating your status.

These completed forms impact various other services for your family and WCV:

- They help provide essential funding for our School District directly into your student's classroom
- Receive discounted utilities and internet access
- Become eligible for fee waivers for college applications and admissions tests (i.e. SATs, ACTs, AP)
- Receive benefits regardless of citizenship status

In addition to meals, various snacks and A 'la Carte foods are available for purchase during lunch periods in both the Middle/High School and Elementary cafeterias. Many families have set up accounts on the "My School Bucks" website (https://www.myschoolbucks.com). This helps eliminate students from carrying cash with them and keeps you in control of how much your student can spend at school for extra food and/or snacks.

If you have any questions regarding the Child Nutrition Program, please feel free to contact me. The WCV Child Nutrition Team is looking forward to providing healthy, nutritious and delicious meals to your children again this year!
