“The impact on our school system is positive and profound.”

An aerial photograph showing a large-scale construction project. In the center, a rectangular concrete foundation for a new gymnasium is visible, surrounded by dirt and construction equipment. In the background, a large, multi-story school building with a prominent white steeple stands. To the right, there is a green tennis court and a playground. The surrounding area is a mix of trees and residential-style buildings.

**A View of Bridgehampton School District  
New Gymnasium**

**Square footage of new gym is 8,250 and  
total cost of construction (hard, soft,  
and contingency) for entire 35,440  
project came in at \$832 per square foot.**

**The total projected cost of the project has  
come down over \$6 million from  
\$29.875 million to \$23.870 million**

# PRESERVING THE PAST, FINDING THE FUTURE

A photograph of a basketball game. In the center, a player in a white jersey with "WESTON" on the front is jumping to shoot the ball. A player in a blue and yellow jersey is jumping to block the shot. In the foreground, a player in a blue jersey with "PORTER" and the number "32" is watching the play. The background shows a crowd of spectators in a gymnasium.

**“It’s not often you get to play from a village like ours on a stage like this in front of a huge crowd,” Swann said**

**“Being a part of this community, it’s the best. They give us everything, and for them I’ll do anything.”**
