

LOCAL Wellness Policy Assessment Form

School Building: Hope Page School **Committee Chair:** Nichole Kleven **Date:** 3-28-22
 Each school will conduct at least a triennial review of the Wellness Policy to measure the building's consistency with the policy throughout the school district. The review will be completed by the principal with input from students, teachers and staff and will serve as the basic compliance assessment. Assessments will be reviewed by the Superintendent and the district Wellness Committee.

The assessment must be made available to the public. **List the website address or other method that the public can access a copy of this assessment and/or the local wellness policy?** hope-page.k12.nd.us
 Finally, the assessment must indicate if the school/district is in compliance with the local wellness policy and making progress toward goals. Fill the following table with compliance and note any progress.

A required component of the assessment is how the current wellness policy compares to model wellness policies. **Indicate the model policy language that the local wellness policy uses:**
