## **CHANGES TO PARKING SPACES BEHIND SCHOOL**

Dear OIS Community,

We are pleased to share that the ongoing construction work around the school is progressing ahead of schedule. This means that we will soon regain access to the main drive in front of the school.

The pace of these changes has been rapid, and we have only just been informed by Baerum Kommune of the latest developments. Please note that, tomorrow, the parallel parking spaces on the road at the back of the gymnasium will not be accessible. While we have been assured that any work should not affect the morning nor afternoon flow of traffic, we cannot rule out the possibility of minor disruptions. The designated drop-off and pick-up points will remain the same.

We will be meeting representatives from Baerum Kommune during the day tomorrow to discuss these developments and any further impact on traffic. We will keep you informed of any updates following this meeting.

Thank you for your understanding and cooperation as we navigate these changes.

With Best Regards,

---
