DID YOU KNOW...

Cranberries are nicknamed bounce berries because fresh ones actually bounce! Farmers use this trait to test their ripeness. Cranberries grow on low-lying vines in bogs, and in the fall, the bogs are flooded, and ripe cranberries float to the surface for harvest. They are packed with vitamin C and antioxidants!

HARVEST OF THE MONTH

Sweet Potato

Sweet potatoes are native to Central and South America's tropical regions but can be grown in PA during the summer. They're great sources of vitamin A!
