Our Programs

Dragon Pride and a passion for supporting JIS students define our inclusive Dragon community. As a not-for-profit Indonesian yayasan, JIS actively seeks and celebrates support for a wide range of philanthropic projects.

Institutional Philanthropy

Dragon Annual Fund

Empower Excellence!

Our new **Dragon Annual Fund** helps enrich and enhance our student-centered programs and world-class learning facilities.

Jakarta Intercultural School
Bhinneka Tunggal Ika
 Scholarship

Transform Lives!

The **Bhinneka Tunggal Ika (BTI) Scholarship Fund** ensures talented Indonesian students from modest families can join our JIS learning community.

The People of PEL

- A Community Project -

Take Your Place in History!

Our Community Project celebrates seven decades of JIS Dragons and provides special opportunities as part of the Pattimura Elementary campus development.

Philanthropy in Partnership

Supporting Service Learning!

JIS Peduli empowers a culture of outreach to support Indonesian community partners.

Partnering for Professional Development!

JIS is proud to partner with the **Innovative Schools Program (ISP)** to provide professional development for local elementary and middle school educators.

Advancing JIS

Dear JIS Community,

We are thrilled to share with you the first edition of the JIS Impact Report. We hope you find it as inspiring as we do. It highlights our students' remarkable achievements and our community's deep commitment to being *Best for the World*.

Tracking our impact is a key way we show our dedication to our Mission and to our school. From empowering our students to become agents of change to celebrating our global alumni who continue to live out our Mission, we are proud to showcase this ongoing commitment in every story and success shared within these pages.

This impact is only possible thanks to the incredible support of our community. As our aspirations for our students grow, we recognize that they sometimes surpass what a traditional non-profit budget can provide. To meet these expanding goals, we recently established the Advancement Program, led by our Chief Advancement Officer, Emma Silva.

The Advancement Program is designed to "advance our Mission" and invites

Yours sincerely,

Phil Rickard
 Chairman of the
 Board of Trustees

Maya Nelson
 Head of School

support from our community to enhance, elevate, and expand our programs. Every contribution, no matter its size, has a meaningful impact on the experiences we create for each JIS student.

United by a shared commitment to being *Best for the World*, and through intentional local and global outreach, we aim to amplify Dragon Pride by fostering collaborations and partnerships that will fuel our dreams and secure a sustainable future for our school.

Whether through gifts of time, talent, or resources, we are immensely grateful to every one of you who has contributed to our school.

On behalf of the Board of Trustees and the Leadership of JIS, we thank you for making this impact possible.

Thank You!

Empowering Excellence

Our first **Annual Community Campaign** was a wonderful success with hundreds of donors supporting our school programs and facilities through donations to the **Dragon Annual Fund** and the **Bhinneka Tunggal Ika (BTI) Scholarship Fund**. We are especially grateful to our Diamond Dragon donors (page 3) for their generosity.

Our alumni and current families also chose to make their mark on our **People of PEL Community Wall**, which will celebrate seven decades of JIS Dragons and contribute funds for the expansion of programs at the Pattimura Elementary (PEL) campus.

We are excited to put your donations to work. Thank you!

DIAMOND PARTNERS!

A signing ceremony sealed a partnership with loyal partner Bluebird, which has supported our Bhinneka Tunggal Ika Scholarship Fund since its inception. For 2023/24, Bluebird more than doubled its support for our Scholars and also provided JIS with two brand new, fully equipped ambulances. Thank you Bluebird!

DIAMOND DRAGONS!
Passionate to support JIS with its commitment to educational excellence, JIS Parents Deni Karmaina and Santi Nurhayati (pictured with Head of School, Maya Nelson and Chief Advancement Officer, Emma Silva) have committed to supporting the growth of our Gamelan and our Tech and Innovation Programs over three years. Thank you!

DIAMOND CHALLENGE GIFT!

Excited to support our community's engagement, the Dragon Store offered to donate Rp 160,000,000 if we doubled our participation during our Annual Community Campaign. Thank you to everyone who bought a Baby Dragon and empowered this Diamond Dragon donation. Thank you, Dragon Store!

Dragon Annual Fund

Your Gifts in Action!

Your donations received in 2023/24 are already supporting goals chosen in partnership with our community. We will continue to share stories of impact made possible through our Dragon Annual Fund on our Giving website: www.jisedu.or.id/giving

Gamelan

Our vision is for the JIS Gamelan Program to extend from Elementary through High School, establishing JIS as a center for learning and preserving this UNESCO-recognized intangible cultural heritage. We will work over the next three years to celebrate this unique musical form and ensure its continuity by teaching its techniques and music to future generations.

Students Impacted

Tech & Innovation

We are committed to preparing our students for success in an ever-evolving world. Our goal is for them to thrive, inspire, and lead. Supporting technology literacy and innovation in such a fast-moving world presents an ongoing challenge for educators, as no other area faces such rapid curriculum evolution and demand for real-world learning integration. Thanks to donor support, we can keep our students at the cutting edge.

Outfitting an Orchestra!

Learning music is not only culturally enriching but also enhances skills across all academic fields. Providing our young musicians with quality instruments has been a key focus of our multi-year replacement program. Thanks to our community's generosity, we've been able to accelerate this effort.

1,280

Students Impacted

AI Athletes!

Thanks to our community's support, our young athletes now have access to cutting-edge AI coaching tools to enhance their individual and team performance. These tools include filming for personalized training analysis and post-match team assessments, helping our students strive for excellence on the field, in the gym, and in the pool. Additionally, we'll be able to live-stream all games, both at home and on tour!

Your Gifts in Action!

Your donation to the BTI Fund ensures that scholars from modest backgrounds can take full advantage of all the enriching opportunities that a JIS education has to offer and create their own Best for the World future. Enjoy the story of Sakti Jati who graduated in 2023 and won a full scholarship to the prestigious Sampoerna University.

Turning Passion to Purpose

Growing up in a small town in Central Java, and passionate about the ways in which science and engineering can change lives, Sakti is determined to use his scholarship opportunity to help others.

“I always wanted to be able to develop my hometown, but I didn’t really understand what I could do to help or to take action. During my time at JIS, there were so many great teachers who inspired me to take concrete action on how to develop myself, the environment, and communities, and to advocate for them.

It’s important for me that my ideas and actions are more impactful to my surroundings, so right now I’m working on a project to improve the mobility of the people in my hometown through my studies in transportation systems and connectivity.

And I’m also working on several other things that could help social issues in my hometown, such as the lack of high-quality education and child marriage.”

Celebrating Our Scholars - Class of 2024

JIS Peduli

10 Years Strengthening Ties With Indonesia Through Service

Since its inception, JIS Peduli has been empowering students to take initiative and make a meaningful difference in the local community. JIS Peduli collaborates with over 30 service organizations through various student-led clubs, and many of them are trusted, long-term partners.

In 2023/24, funding from JIS Peduli enabled our Middle and High School students to offer a range of activities every week (including robotics, sports, and arts) to hundreds of local students. Additionally, it supported International Baccalaureate (IB) Diploma students with Creativity, Activity, Service (CAS) projects and provided transport for hundreds of service outreach activities in our community.

2023/24 Highlights

The **Battery Recycling Program** collaborated with a local partner to set up battery recycling bins on campus. Students collect used batteries, which are then disposed of responsibly to further the school's sustainability goals.

Power of the Pen provided financial support to six Indonesian women pursuing higher education in music, technology, and medicine. In turn, these scholars worked closely with our students to create a rich and mutually beneficial learning experience.

A Place to Call Home supported after-school programs in a local kampung with materials for music and sports. JIS students organized and led activities, creating new opportunities for local students.

Building a Brighter Future by Empowering Professional Development in Jakarta

The **Innovative Schools Programme (ISP)** was established in 2013 by JIS Alumnus Emmanuel Laumonier to enhance the teaching skills of public school elementary educators. The program aims to improve the educational experiences of students in Indonesia with support and resources provided by the ISP network, which includes JIS, Mentari Intercultural School, and Beacon Academy.

JIS faculty members volunteer their time to facilitate the nine-month-long series of workshops, conducted in Bahasa Indonesia at JIS. The six-hour training sessions supported by translators take place over 10 weekends throughout the year. The workshops cover essential topics such as building positive classroom relationships, behavior management, designing engaging curricula, and developing instructional strategies.

The ISP workshops are part of a larger community effort aimed at supporting local educators and improving the quality of public education. At the end of the program, participants are assessed on a portfolio they present to demonstrate how they have implemented their learning for impact.

Amplifying Our Alumni

Our Mission in Action

Jakarta Intercultural School is forging pioneering pathways not only through institutional philanthropy but also by leveraging the passion of its alumni. With seven decades of former students exemplifying our Mission as Best for the World, our alumni are eager to inspire, mentor, and connect, fostering a vibrant global learning community.

9,491
 Engaged Alumni

305
 Campus Visits

500+

 Alumni Events

Our alumni program provides a series of events each year designed to re-connect with our alumni and includes service and career-networking opportunities. We also feature spotlight Dragons in each edition of our quarterly Dragon News, which has a regular readership of more than 4,500 global alumni. Enjoy some of those stories, demonstrating our Mission in action!

Childhood Vision to Global Impact

Ivonne Bojoh (Class of 1992)

Ivonne, one of Indonesia's first female go-kart racers, has become a leader in sustainability as CEO of Circle Economy in the Netherlands.

Read Ivonne's full story
bit.ly/jisalumni-ivonne

STEAMing into Pioneering Industry

Annemarie Kraan (Class of 2005)

Annemarie credits the resilience and work ethic she developed through sports at JIS for her success as the co-founder and Finance Director of Halo Robotics, Indonesia's leading commercial drone supplier.

Read Annemarie's full story
bit.ly/jisalumni-annemarie

Building Hope

Jimmy Masrin (Class of 1980)

A leader in both chemical and tech industries in Indonesia, and also credited with launching the inaugural Indonesian Masters golf tournament in 2011, Jimmy Masrin is perhaps most proud of his tireless work with Habitat for Humanity, which spans 20 years.
