Beaumont ISD 1-to-1 Pilot Program Handbook

In an effort to provide our students and teachers with the tools they need to prepare for the future, Beaumont ISD has implemented a 1-to-1 Technology Initiative for students for all students. We hope that you share our excitement of being able to offer the Chromebook/Chromebook Tablet as an instructional resource to Beaumont ISD students. The impact on teaching and learning will be enormous. Our students will gain access to digital tools, information, and resources and will be able to use this information to enhance learning. In addition, their technology skills will increase and better prepare them for higher education and the workforce. As with any new initiative, there will be constant assessment and necessary changes to make this project work to the maximum benefit of our students. We are committed to that goal.

This Agreement represents an outline of the Chromebook/Chromebook Tablet policies and procedures. By signing this Agreement, students and parents/guardians agree to follow these policies and procedures. Students and parents/guardians are encouraged to read and understand these policies and procedures prior to signing this Agreement.

Access to Beaumont ISD technology is a privilege, not a right. Violating the letter or spirit of the regulations may be cause to deny a student access to said technology, and may result in more serious disciplinary action(s) and/or financial obligation.

1. DEVICE SPECIFICATIONS

Students will receive a DELL 3100 Chromebook, charger, internet device and case

Pre-K, K and First Grade will receive a Lenovo 10e Chromebook Tablet

T-Mobile MiFi devices are available to provide Internet access to all students anywhere. **(EXCEPT ON CAMPUS)**

2. ISSUING OF CHROMEBOOKS/CHROMEBOOK TABLET

Chromebooks/Chromebook Tablet will be distributed after enrollment. Please read all paperwork carefully and make sure that you understand all documents before signing.

Chromebooks will be collected at the end of each school year/or at withdrawal for maintenance and cleaning over the summer.

3. TAKING CARE OF YOUR CHROMEBOOK/CHROMEBOOK TABLET

Students are responsible for the care of the Chromebook they have been issued by the school. Chromebooks/Chromebook Tablet that are broken or fail to work properly must be taken to the campus technician immediately.

Never try to repair the Chromebook/Chromebook Tablet yourself or have someone outside the district work on it. This could void the warranty and cause you to incur additional charges.

3a. General Precautions

3b. Carrying

- The Chromebooks/Chromebook Tablet should be closed and in their protective cases while being carried at all times.

3c. Screen Care

The Chromebook/Chromebook Tablet screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen. To avoid damage and costly repair fees, please adhere to the following rules:

- Do not lean on the case of the Chromebook/Chromebook Tablet open or closed.
- Do not place anything near the Chromebook/Chromebook Tablet that could put pressure on the screen.
- Keep all objects (pens, pencils, etc.) off of the screen.
- Do not place anything on the keyboard before closing the lid.
- Clean the screen with a soft, dry microfiber cloth.
- **Do not use Windex or other harsh chemicals to clean the screen.**

4. T-Mobile Internet Device

- Students will receive 2GB of data daily. Unused data will not rollover.
- T-Mobile device will filter the internet so that the device will always remain CIPA compliant.
- Students should **not** use t-Mobile Internet Device at school.
- T-Mobile devices should be left at home. If a student does need to carry the device to use after school it should remain in their backpack turned **off**.

5. Phones and other Computer Devices

- Phones and other Computer Devices may be used between classes and lunch
- Phones in classroom should only be used when the teacher gives an assignment
- Phones can not be used in place of Chromebook/Chromebook Tablet
- **NON BISD computers are NOT allowed on the BISD NETWORK**

6. USING YOUR CHROMEBOOK/CHROMEBOOK/TABLET AT SCHOOL

Chromebooks/Chromebook Tablet are intended to be used at school each day. In addition to teacher expectations for Chromebook/Chromebook Tablet use, school messages, announcements, calendars, and schedules will be accessed using the Chromebook/Chromebook Tablet. Students are responsible for bringing their charged Chromebook/Chromebook Tablet to all classes.

6a. Chromebooks/Chromebook Tablet Left at Home

If students leave their Chromebook/Chromebook Tablet at home, they will face disciplinary action. Repeat violations of this policy will result in loss of take home privileges, as well as possible disciplinary actions that align with district policies for coming to class unprepared.

6b. Chromebooks/Chromebook Tablet Undergoing Repair

Loaner Chromebooks/Chromebook Tablet will be issued by the campus technician when they leave their Chromebooks/Chromebook Tablet for repair. These Chromebooks/Chromebook Tablet will need to be turned into the school campus technician at the end of the school day until the student pays the associated fee with having their device repaired.

6c. Charging the Chromebook/Chromebook Tablet

Chromebooks/Chromebook Tablet must be brought to school each day **fully charged**. Students need to charge their Chromebooks each evening. Failure to bring Chromebook/Chromebook Tablet charged each day can result in loss of take home privileges, as well as possible disciplinary actions that align with district policies for coming to class unprepared.

Tips for conserving battery life:

- **Chromebooks/Chromebook Tablet boot up in less than 8 seconds. It is a good idea to power the device completely off when not in use to conserve battery life.**
- **It is recommended that students keep screen brightness at 60-80% to conserve battery life while in use.**
- **Turn off Bluetooth**

6d. Screensavers and Backgrounds

Inappropriate media may not be used as a screensaver or background on your Chromebook//Chromebook Tablet. Presence of weapons, pornographic materials, inappropriate language, alcohol, drugs, R-rated, or gang-related symbols or pictures will result in disciplinary actions.

6e. Sound

Sound must be muted at all times at school unless permission is obtained from the teacher for instructional purposes. **It is recommended, and some teachers may require, that students provide earbuds to use with their devices in class.**

7. USING YOUR CHROMEBOOK/CHROMEBOOK TABLET AT HOME

Chromebook/Chromebook Tablet use will be filtered and monitored both on and off campus using a district-owned management software. That being said, it is recommended that parents/guardians set limits for their student's use of the device while at home and monitor use. Extra care should be taken at home not to leave the device or any accessories within reach of pets, siblings, or other family members who should not have access to the device and could damage it.

Internet connection at home will be beneficial to students. The Chromebooks/Chromebook Tablets will have many uses at home without Internet access, but the student's ability to get full benefit from their assigned Chromebook/Chromebook Tablet will be much greater if they have Internet access.

Resources for wireless Internet access in the home:

- T-Mobile (1-800-937-8997)
- www.timewarnercable.com (1-800-892-4357)

- www.everyoneon.org (discounted or free Internet for students)
- www.att.com (1-800-331-0500)

8. MANAGING FILES AND SAVING WORK

Students should use Google Drive, an external hard drive, or a USB thumb drive to backup their work. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Computer malfunctions are not an acceptable excuse for not submitting work.

***Recommended: Beaumont ISD provides unlimited Cloud storage to every student in Google Drive.*

9. INSPECTION

Students may be selected at random to provide their Chromebook/Chromebook Tablet for inspection to check for restricted images, damages, etc. Also, anytime the student is logged into a Chromebook/Chromebook Tablet, Technology staff and administration will have the ability to view the browsing history of all Chromebooks/Chromebook Tablets, to capture images from them, and to freeze or take over control of the Chromebook/Chromebook Tablet if they are being used in a manner contrary to school policy, the Chromebook Acceptable Use Agreement, or the Beaumont ISD Acceptable Use Policy. This will only be used to ensure that Chromebooks/Chromebook Tablets are being used for appropriate educational purposes and that students are staying on task.

10. PROTECTING AND STORING YOUR CHROMEBOOK/CHROMEBOOK TABLET

10a. Chromebook/Chromebook Tablet Identification

Chromebooks will be labeled in the manner specified by the school. Labels are **NOT** to be intentionally removed from the Chromebooks/Chromebook Tablets. Chromebooks/Chromebook Tablets can be identified in the following ways:

- Record of serial number
- Individual user account name and password

10b. Password Protection

Students are expected to keep their password confidential. Remember that if someone logs into your computer and breaks the Beaumont ISD Acceptable Use Policy, you are still responsible for all inappropriate items found on your Chromebook/Chromebook Tablet. **It is in your best interest to keep both your device and your password secure.**

10c. Storing Your Chromebook/Chromebook Tablet

When students are not using Chromebooks/Chromebook Tablets, they should be stored in a locked room or locker. Students should take the Chromebooks home every night and charge them. Chromebooks/Chromebook Tablets should never be left in a vehicle (locked or not) anywhere. They are an attractive target for thieves.

10d. Chromebook/Chromebook Tablet Left in Unsupervised Area

Under no circumstances should Chromebooks/Chromebook Tablets be left in unsupervised areas. Unsupervised areas include the school grounds and campus, computer labs, hallways, locker rooms (not locked up), technician, unlocked classrooms, and gyms. Any Chromebook/Chromebook Tablet left in these areas is in danger of being lost or stolen. Unsupervised Chromebooks/Chromebook Tablets will be confiscated by staff and taken to the campus principal or the Technology Department. **If a Chromebook/Chromebook Tablet is found unsupervised, there will be a \$5 fee to reclaim it.** Disciplinary action may also be taken for leaving your Chromebook/Chromebook Tablet in an unsupervised location.

11. REPAIRING OR REPLACING YOUR CHROMEBOOK/CHROMEBOOK TABLET

11a. Accidental Damage

If accidental damage occurs, the Chromebook/Chromebook Tablet needs to be brought to the campus technician as soon as possible.

11b. Theft 617-7001

If the device is stolen, a police report must be completed as soon as possible to the date of the incident and a copy of the report must be turned in to the school. The student can contact the officer in the school or **call 617-7001 for the BISD Police Dispatch.**

Note: Filing a false report is a Class B misdemeanor.

The school may decide to waive the replacement fee for the students.

- When a Chromebook//Chromebook Tablet has been stolen. **Contact Information Services at 617-5079 immediately. Information Services can remotely turn the device off.**
- If the parent contacts the school about a stolen device, the parent should be instructed to contact the police and bring a copy of the police report to the school.

11c. Natural Disasters

In the event a device is destroyed in a natural disaster, the student should have some evidence that this took place. This could be in the form of any documentation of the disaster that addresses the damage to their home. This should be done the day the student comes back to school from the disaster.

11d. Insect Infestations

In the event your device is infested with insects, the device will be photographed with the labels. This device will be decommissioned, quarantined in a sealed plastic bag and returned to you. You will be required to replace the device.

12. CHROMEBOOK/CHROMEBOOK TABLET TECHNICAL SUPPORT 617-5079

The Technology Department coordinates the repair work for Chromebooks/Chromebook Tablets. Services provided include the following:

- Hardware maintenance and repairs

- Password identification
- User account support
- Operating system of software configuration support
- Application information
- Re-imaging device
- Updates and software installations
- Coordination of warranty repairs

13. LIST OF REQUIRED AND POSSIBLE FEES

13a. Chromebook/Chromebook Tablet Fees

(Fees will be updated every semester. The following fees were updated 4/23/2021) See price updates on the BISD website [Handbooks & Policies](#) **Chromebook 1 to 1 Handbook**.

- | | | |
|-----|--------|--|
| 1. | 5.00 | Asset tag is removed |
| 2. | 25.00 | Plastic case is removed or broken |
| 3. | 35.00 | Keyboard needs to be replaced |
| 4. | 45.00 | Charger for Chromebook/Tablet/iPad or MiFi |
| 5. | 50.00 | Mouse Key Pad/TrackPad |
| 6. | 60.00 | Screen Damage of any kind |
| 7. | 65.00 | Outside shell of the unit-bezel or shell (includes hinges, cosmetic damage, and dents) |
| 8. | 70.00 | Replace MiFi |
| 9. | 15.00 | MiFi charger |
| 10. | 370.00 | Chromebook with case |
| 11. | 370.00 | Chromebook Tablet with case |
| 12. | 380.00 | iPad |

14. Wireless Network

Beaumont ISD is pleased and proud to offer our students access to a Chromebook/*Chromebook Tablet*. Use of the Beaumont ISD wireless network will provide Beaumont ISD campuses access to numerous software programs and the Internet for educational purposes. Beaumont ISD believes that teaching using 21st century tools will improve the educational opportunities for our students.

15. Responsibilities of Stakeholders:

General use of the Chromebooks/Chromebook Tablets and the Beaumont ISD Network System

Beaumont ISD fully expects that all members of the school community will use the computer systems in a responsible, appropriate, and legal manner.

Use the following regulations as a guide when working within our computers or computer systems:

Using the Chromebook/Chromebook Tablets for Internet and Email

- Beaumont ISD will filter Internet access while on a Beaumont ISD-owned device. Any attempt to disable that filter will result in disciplinary consequences.

- Students and parents/guardians understand the Beaumont ISD does not have control over the information found on the Internet. While every attempt is made to block access from inappropriate material while the student is on Beaumont ISD-owned devices, it is the parent/guardian's responsibility to supervise the information that a student is accessing from the Internet while at home.
- Students should be aware that Internet access and email, and other media that are accessed, created or stored on their Chromebooks/Chromebook Tablets, are the sole property of the district. The district has the right to review those items for appropriateness, and to limit or revoke a student's access to them at any time and for any reason.

16. Consequences of Inappropriate Use

- **The use of any district technology is a privilege and not a right. Students are expected to use their Chromebooks/Chromebook Tablets in accordance with these policies and procedures, the Beaumont ISD Acceptable Use Policy, and any applicable laws. Failure to use this Chromebook/Chromebook Tablet in an appropriate manner will result in disciplinary consequences as determined by the staff and administration of Beaumont ISD.**

Students who leave the district and fail to check in their Chromebooks/Chromebook Tablets and any related equipment will have theft charges filed against them immediately upon the district's knowledge of such an event. The district will prosecute the occurrence to the fullest extent of the law.

Manufacturer Warranty

Dell Warranty: This coverage is part of the purchase price of the equipment. **Dell warrants the Chromebooks/Chromebook Tablets from defects in materials and workmanship.** This limited warranty covers normal use, mechanical breakdowns, or faulty construction and will provide replacement parts necessary to repair the Chromebook/Chromebook Tablet or Chromebook/Chromebook Tablet replacement. The Dell warranty does not warrant against damage caused by misuse, abuse, accidents, or computer viruses.

Student Acceptable Use Policy for Computer/Network/Internet

The district network is a primary source for voice, video, and data transmission, communication, storage, and application delivery. The Internet is a primary source for research, information and communication. Access to the district network and Internet is provided to system users students, and community members in order to take advantage of innovative instruction methodology and workplace technological advancements. Along with this privilege come responsibilities. System users are expected to behave appropriately with the use of technology resources. Any system user found in violation of this agreement can be subjected to disciplinary action up to and including termination of employment and/or legal prosecution.

BISD reserves the right to monitor and audit electronic devices on a periodic basis to ensure compliance with this agreement and all associated policies.

All use of the Internet and District issued equipment and devices must comply with the Board Policy CQ (Legal), CQ (Local), and the BISD District Student Handbook and District Code of Conduct relating to use of District computer and internet resources as well as other electronic media.

0.1 Mandatory Review

To educate students on proper computer/network/Internet use and conduct, system users are required to review this policy. The parent or legal guardian of a student user in grades PreK-5 is required to acknowledge receipt and understanding of the District's Acceptable Use Policy as part of their review of the Student Code of Conduct/Handbook

0.2 Network Use

- Do not share passwords. The district may require passwords to be changed on a regular basis.
- Do not make your password available to others.
- Students may not distribute personal contact information about themselves or others by means of the electronic communication system, other than a district email address
- Do not login using an unauthorized account, another user's account, or allow students to access an employee's account.
- Do not view, modify, move, copy or delete folders or files unless given permission by the owner or authorized district personnel.
- All work/intellectual capital created using district systems remains the property of BISD.
- The network systems may not be used for illegal purposes, in support of illegal activities, harassment, or for any other activity prohibited by district policy or local/state/federal laws.
- Use for commercial, income-generating or "for profit" activities, product advertisement, or political lobbying is prohibited.
- Users may not send or post messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.

0.3 Internet Use

- Use of the Internet by students must be supervised.
- The Internet should be used primarily for educational/district related purposes. All activity on the Internet is being recorded and can be monitored.
- Do not download files, run programs or install applications without consent from appropriate administrative staff.
- Follow [Copyright laws and Fair Use guidelines](#).
- When uploading files or posting websites, follow the district Web Publishing Procedures and Guidelines.
- If you access an inappropriate website, or observe others doing so, immediately notify appropriate administrative staff.
- Users may not purposefully access materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.
- Work created using District systems remains the property of BISD.

Limited personal use shall be permitted if the use:

- Imposes no tangible cost to the District;
- Does not unduly burden the District's computer or network resources;
- Has no adverse effect on a student's academic performance; and/or is not used in any way for personal gain.

Sites accessible via the computer/network/Internet may contain material that is illegal, defamatory, inaccurate or controversial. Each District computer with Internet access has filtering software that blocks access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors, as defined by the federal [Children's Internet Protection Act](#). The District makes every effort to limit access to objectionable material; however, controlling all such materials on the computer/network/Internet is impossible, even with filtering in place. With global access to computers and people, a risk exists that students may access material that may not be of educational value in the school setting.

The Internet may be accessed by a student unless the student's parent or guardian has filed a written request with the building principal. This request, indicating that the Internet should not be accessed, must be filed annually with the building principal.

0.4 Family Educational Rights and Privacy Act

Users of Beaumont ISD electronic resources and networks recognize that they are bound to comply with the Family Educational Rights and Privacy Act ("[FERPA](#)") in their handling of educational records of students enrolled in BISD. It is also understood and recognized that employees, unless required by judicial or regulatory authority, shall not be permitted to authorize and further disclose the educational records of the other party to persons or entities without first having received permission.

0.5 Use of Social Networking/Digital Tools

Students may participate in District-approved social media learning environments related to curricular projects or school activities and use digital tools, such as, but not limited to, mobile devices, blogs, discussion forums, RSS feeds, podcasts, wikis, and on-line meeting sessions.

The use of blogs, wikis, podcasts, and other digital tools are considered an extension of the classroom. Verbal or written language that is considered inappropriate in the classroom is also inappropriate in all uses of blogs, wikis, podcasts, and other district-approved digital tools. Teachers who use digital learning tools in their classrooms will monitor student actions to ensure compliance with the Student Code of Conduct/Handbook.

0.6 DISCLAIMER

These guidelines apply to all district owned devices as well as any electronic device connected to the Network/Internet. The district makes no warranties of any kind, whether expressed or implied, for the services it is providing and is not responsible for any damages suffered by users. This includes loss of data or software resulting from re-imaging, repair process, delays, non-deliveries, miss-deliveries, or service interruptions caused by negligence or user errors or omissions. District resources will not be used to recover software/apps/files installed by system users.

In the process of protecting the network, BISD cannot guarantee the confidentiality of information.

The district is not responsible for phone/credit card bills or any other charges incurred by users. Use of any information obtained via the Network/Internet is at the user's own risk. The district specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third party individuals in the system are those of the providers and not the District. The district will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the district's network/internet/electronic communications systems.

Student Acceptable Use

Terms of Device Use:

Device: Chromebook, case, & charger Asset Number: _____ (device)

Device: Chrometablet, case, & charger Asset Number: _____ (device)

Device: T-Mobile Internet Device & Charger Asset Number: _____ (device)

Replacement Cost: Prices are updated each semester. See the student device manual for updated repair or replacement costs.

Loan Period: Issue Date till end of program, school year or withdrawal day. *Students are required to return the device at any time upon request from Beaumont ISD. Students will require access to a school device for testing and activities during the school day.*

Condition: Student/ parent or guardian acknowledges the device is being provided in good working condition and that the student is responsible for the care and use of the device. Student and parent/ guardian were provided the opportunity to inspect the device and noted any defects (list defects below):

Damage/Replacement Cost: The device described above is the sole property of Beaumont ISD. The student named above may use the device for educational purposes only and must return the device in the condition received immediately (not later than three business days) upon the request of Beaumont ISD. Student and parent/guardian's signature below acknowledges their responsibility to protect and safeguard the devices issued and responsibility to return to Beaumont ISD.

Identification and inventory labels/tags have been placed on the device. Students shall not remove or modify the labels or tags. If a label or tag is damaged or missing the student must

notify the Information Services Department, 409-617-5079. Student shall not place stickers, labels, tags, or markings on the device.

Privacy: Students shall have no expectation of privacy with respect to the device provided by Beaumont ISD or any materials contained in the device. Beaumont ISD may inspect the device and review materials accessed through the device at any time without notice.

Acceptable Use Policy: By their signature below, student and parent/guardian acknowledge receipt and agreement to Beaumont ISD's Acceptable Use Policy. Student may use the device for academic purposes only in accordance with the District's policies, the District's Code of Conduct, as well as, local, state, and federal laws. Students may not install or use any software other than software owned or approved by Beaumont ISD and identified below:

Users: One user account with specific privileges and capabilities has been set up on the device for the exclusive use of the student to which the device has been assigned. Student agrees to make no attempts to change or allow others to change the privileges and capabilities of this user account. Student agrees to make no attempts to add, delete, access, or modify other user accounts on the device.

Violations: Students who violate any of the provisions of this device loan agreement or any other school rules or policies applicable to the use of the device will be subject to disciplinary action in accordance with the Student Code of Conduct.

Report Lost or Damaged Device: All students who lose, including theft, or damage to the device and or charger may be placed on the district's hold list until the device and or charger fee is paid. Cost of repair and replacements are updated each semester. See Beaumont ISD website for [Handbooks & Policies](#) Chromebook 1:1

Student and parent/guardian must report lost, stolen, or damaged devices to Beaumont ISD Police immediately 617-7001, and not more than 3 days from the date the device is lost, stolen, or damaged. A police report will be required. Notice should be given to the Information Services Department.

All students who lose, including theft, or damage the device and or charger may be placed on the district's hold list until the device and or charger fee is paid. They will not be allowed to check out another device until the fee is paid.

*Beaumont ISD

Device: Chrometablet, case, & charger **Asset Number:** _____ **(device)**

Device: T-Mobile Internet Device & Charger **Asset Number:** _____ **(device)**

Costo de reemplazo: los precios se actualizan cada semestre. Consulte el manual del dispositivo para estudiantes para conocer los costos de reparación o reemplazo actualizados.

Período de préstamo: Fecha de emisión hasta el final del programa, año escolar o día de retiro. Se requiere que los estudiantes devuelvan el dispositivo en cualquier momento si lo solicitan a Beaumont ISD. Los estudiantes necesitarán acceso a un dispositivo escolar para realizar pruebas y realizar actividades durante el día escolar.

Condición: El estudiante / padre o tutor reconoce que el dispositivo se proporciona en buenas condiciones de funcionamiento y que el estudiante es responsable del cuidado y uso del dispositivo. El estudiante y el padre / tutor tuvieron la oportunidad de inspeccionar el dispositivo y observaron cualquier defecto (enumere los defectos a continuación):

Costo por daños / reemplazo: El dispositivo descrito anteriormente es propiedad exclusiva de Beaumont ISD. El estudiante mencionado anteriormente puede usar el dispositivo solo con fines educativos y debe devolver el dispositivo en las condiciones en que lo recibió inmediatamente (no más tarde de tres días hábiles) a solicitud de Beaumont ISD. La firma del estudiante y del padre / tutor a continuación reconoce su responsabilidad de proteger y salvaguardar los dispositivos emitidos y la responsabilidad de regresar a Beaumont ISD.

Se han colocado etiquetas / rótulos de identificación e inventario en el dispositivo. Los estudiantes no deben quitar ni modificar las etiquetas o rótulos. Si una etiqueta está dañada o falta, el estudiante debe notificar al Departamento de Servicios de Información, 409-617-5079. El estudiante no colocará calcomanías, etiquetas, rótulos o marcas en el dispositivo.

Privacidad: Los estudiantes no deben tener ninguna expectativa de privacidad con respecto al dispositivo proporcionado por Beaumont ISD o cualquier material contenido en el dispositivo. Beaumont ISD puede inspeccionar el dispositivo y revisar los materiales a los que se accede a través del dispositivo en cualquier momento sin previo aviso.

Política de uso aceptable: Con su firma a continuación, el estudiante y el padre / tutor acusan recibo y están de acuerdo con la Política de uso aceptable de Beaumont ISD. El estudiante puede usar el dispositivo con fines académicos sólo de acuerdo con las políticas del Distrito, el Código de Conducta del Distrito, así como las leyes locales, estatales y federales. Los estudiantes no pueden instalar ni usar ningún software que no sea el software que sea propiedad o esté aprobado por Beaumont ISD e identificado a continuación:

Usuarios: se ha configurado una cuenta de usuario con privilegios y capacidades específicas en el dispositivo para uso exclusivo del estudiante al que se le ha asignado el dispositivo. El estudiante acepta no hacer ningún intento de cambiar o permitir que otros cambien los privilegios y capacidades de esta cuenta de usuario. El estudiante acepta no hacer ningún intento de agregar, eliminar, acceder o modificar otras cuentas de usuario en el dispositivo.

Infracciones: Los estudiantes que violen cualquiera de las disposiciones de este contrato de préstamo de dispositivos o cualquier otra regla o política escolar aplicable al uso del dispositivo estarán sujetos a medidas disciplinarias de acuerdo con el Código de conducta estudiantil.

Informe de dispositivo perdido o dañado: todos los estudiantes que pierdan, incluido el robo, o los daños al dispositivo o al cargador pueden ser colocados en la lista de espera del distrito hasta que se pague la tarifa del dispositivo o del cargador. El costo de reparación y reemplazos se actualiza cada semestre. Consulte el sitio web de Beaumont ISD para obtener manuales y políticas Chromebook 1: 1

El estudiante y el padre / tutor deben reportar los dispositivos perdidos, robados o dañados a la policía de Beaumont ISD inmediatamente al 617-7001, y no más de 3 días a partir de la fecha en que el dispositivo se perdió, fue robado o dañado. Se requerirá un informe policial. Debe notificarse al Departamento de Servicios de Información.

Todos los estudiantes que pierdan, incluido el robo, o dañen el dispositivo o el cargador pueden ser colocados en la lista de espera del distrito hasta que se pague la tarifa del dispositivo o del cargador. No se les permitirá revisar otro dispositivo hasta que se pague la tarifa.

Beaumont ISD, Departamento de servicios de información 409-617-5079

Con mi firma a continuación, estoy de acuerdo con los términos establecidos anteriormente en este Acuerdo de Préstamo para Dispositivo Estudiantil.

Firma del padre: _____ Fecha: _____

Firma del estudiante: _____ Fecha: _____
