ADDENDUM NO.1

RFP 23.09 SPECIAL CONTRACTED SERVICES/SUPPLIES

This amendment is hereby incorporated into the bid documents of the project referenced above.

Updated Schedule of Events:
Initial Proposals due: 04/04/2023
Initial Evaluation Period: 04/04/23 - 04/11/23
Board Meeting Presentation: 04/20/2023

- **Would Beaumont ISD consider an extension on the due date? Yes, we have extended the due date to 04-04-2023.**

- **For LVN & RN who maintains clinical oversight and supervision for clinical staff? Oversight of LVN and RN is Julie Nezat Coordinator of Health Services.**

- **Are resumes of therapist/candidates required with our response, or only after award? After award.**

- **For Attachment A, can you please clarify how we respond to the questions for each specialty? Many of the questions seem to be directed at the staff we will provide. For example, the form commonly asks "Describe your expertise and relevant experience as a Speech Pathologist," or for the BCBA, it asks "Have you worked with aggressive clients before?" We are a staffing agency – how would BISD like us to approach these questions, and the questions like it? If you are a staffing agency, please answer N/A and note that you are a staffing agency.**

- **It also asks "Describe your process for meeting required timelines." What timelines does this refer to? Timelines set forth by the department.**

- **Are the questions for Attachment A meant to be responded to in this RFP response or at a later time? Include in RFP response for the specialty that is going for bid.**

- **The final question of Attachment A lists "Supplies/Furniture/Resources/Classroom Learning Tools." Which is this**

asking – what we would provide or what we would need? As a staffing agency, we do not provide supplies. Put N/A and note that you are a staffing agency.

- **In Attachment B, the request includes "Experience and qualifications of key field personnel." Does this mean our key administrative staff? Please put N/A and note that you are a staffing agency.**
