***TEACHER COURSE RECOMMENDATIONS:** Both middle and high school teachers will submit course recommendations for their current students. Students and families are encouraged to review the course recommendations together prior to submitting their course requests for the upcoming academic year. If the student has any questions regarding the recommendation, we encourage them to have a conversation with their current teacher.

****ACADEMIC PLANNING & COURSE SELECTIONS:** While not required, students and parents have the opportunity to meet with high school counselors to review course recommendations and discuss schedule questions and concerns. Current juniors are strongly encouraged to schedule an appointment to discuss their academic plans and ensure the courses align with the student’s post-high school plans.

We look forward to working with students and families throughout the course selection process. Go Lions!
