Course Planning Considerations

- academic goals
- non-academic goals
- interested, passions, “I am so excited to...”
- commitments outside of school
- my expectations
- family expectations
- what is realistic?
- completing all graduation requirements

Additional Considerations

- growth over time (you can always make it more challenging)
- challenges of high school... which will happen
 - new learning environment (teaching styles, course expectations, etc.)
 - anxiousness, fatigue, stress, difficult situations
 - self care
 - relationships with peers, friends, etc.
- study skills / learning strategies
- structure my daily routine

Reflection from freshmen

What went well?

- found my people / friendships
- learned how to keep up with the workload
- more aware of my actions
- took classes more seriously
- passed my classes
- my performance in orchestra
- my volleyball season

Honorable mentions

- hitting 170 on the bench press
- math... because I stink at it
- I actually tried...

What I would do differently...

- ask for help
- work harder, take things more seriously
- be more organized
- spend more time with friends
- worry less and have more fun
- spend less time on my phone
- get more involved in things
- be more respectful to teachers

Honorable mentions

- don't do dumb stuff
- work as hard as I can... most of the time
- study slightly more

Graduation Requirements: 3 Parts

Next Steps

Academic Planning Meeting with your School Counselor?

- goals, concerns, questions (academic & non-academic)
- activities, interest, enrichment opportunities
- help finalizing course requests

indicate on the worksheet **IF you would like to schedule a meeting

Course Requests Worksheet

- **February 12:** worksheet deadline (page 3-4 of the packet)
- counselors will follow up with students who have requested to meet

Onto the Curriculum Night in the Cafeteria

Curriculum Night: Course Offerings

Purpose: meet with teachers and staff to learn about the courses available at BHS
