Protective Stadium Clear Bag Policy

- In an effort to enhance public safety and make stadium access more efficient, Protective Stadium has taken the necessary precaution by implementing a clear bag policy.
- You can view the policy details by clicking the link below or visiting www.protectivestadium.com for more information.
- As an additional effort to provide a safe and secure environment for all fans, coaches and student-athletes, walk-through metal detectors will be used throughout the duration of the 2024 AHSAA Super 7 Championships.
- When fans arrive at the gates of Protective Stadium, they will be asked to follow the instructions of the security screening staff and place large metal objects such as phones, keys, cameras, and approved seat cushions in containers or in their clear bag on screening tables before passing through the walk-through metal detectors.
- Fans will not be required to remove belts, watches, wallets, jewelry, shoes, jackets, coins or other small objects. Fans are encouraged to arrive at Protective Stadium gates approximately 30 minutes earlier than normal to ensure a smooth entry.
- To expedite the screening process, fans are urged to use their approved clear bag to carry permitted items into the stadium rather than placing them in the screening table containers.

Stadium Seating

- Both Flag Football and Football teams are the VISITORS.
- Fans can enter through the Northeast or South Gates.
