

High Five News December

Sullivan STEAM Magnet

Unit Of Study:

We are learning about **Our Community**. We are talking about the places we go, the people we meet, things that move, and how we stay safe in our community.

We will also be working on recognizing, naming, and writing the letters D, P, B, R, K, & A.

Social Emotional Skills:

This month, we will be focusing on Feelings. We will learn that it is okay if people have different feelings about the same thing, how to tell if something is an accident, and how to be kind to others by listening and helping.

Parent Reminders

- Picture Retakes Tuesday Dec. 3
- No school on Friday Dec. 13
- **Winter Break** - No school December 23-January 3. We will come back to school on 1/6.
- Please do your best to send your student to school with a hat, mittens/gloves, snow pants, and snow boots. We still go outside in the winter! Let us know if you need help with winter clothing.

Help at Home

Notice and talk together about places you visit and see in your neighborhood and community.

- Who helps you stay safe?
- What signs do you see?
- What buildings do you see?

****Students are practicing independence with getting winter clothes on by themselves. Please support your child at home by letting them dress themselves, zip their jackets, and ask for help if needed.**
