

# FACILITIES

## November Update

**SAFETY  
FIRST**

### Staying Balanced

All the departments have to balance the hours of snow removal with other routine preventative maintenance work that needs to be addressed in the same timeframe. Prioritizing safety is always of the utmost importance.

### Work Order Report

Please take a look at our reports that show the preventative maintenance and work order completion from this past month! They can be found on our LAPS website under the About Tab: Departments > Facilities

### Employee Of the Month

Amber Miera is the employee of the month for November. She has worked with the District for 4 years. She works very hard to assist with our Facilities operations recordkeeping and updates. Her attention to detail and communication skills are most appreciated.

### Recent Projects:

- Start of Snow Removal
- Fall Leaf Cleanup
- Gutter and Roof Drainage Inspections
- Barranca Railing Project
- Pad - Shot Put
