Bolles Students Host Halloween Carnival for Children in Need

Bolles students hosted a Halloween carnival Oct. 30 for children served by Sanctuary on 8th Street.

Students at Bolles' Upper School San Jose Campus hosted a Halloween carnival Oct. 30 for children served by Sanctuary on 8th Street, a local nonprofit dedicated to encouraging and empowering Jacksonville youth and families in need.

Students representing the school's more than 60 clubs entertained the children with fall-themed activities, games and treats at booths lining the sidewalks of the River Campus.

The event served as an opportunity for upper school students to apply their servant leadership as a reflection of "The Bolles Way," which calls them to pursue excellence through courage, integrity and compassion.
