

# West-MEC FAQ

## ***When can students apply to West-MEC programs?***

Current Sophomores, Juniors, and Seniors may begin applying in October, and we will review applications in February for the following year. West-MEC is tuition-free, so students who live in West-MEC boundaries will only have to pay minimal registration fees!

## ***Can students participate in extracurricular activities at their home high school while attending West-MEC?***

Of course! However, some programs may conflict with extracurricular activities, so it is important to keep this in mind when applying for a West-MEC program. West-MEC students will travel from their high school campus to West-MEC, and will earn elective credits in the process. Work with your school counselor to ensure that your schedule has no conflicts.

## ***Can students be enrolled in more than one West-MEC program?***

Applicants may select up to three program choices when applying. Students may only be enrolled in one West-MEC program per year.

## ***Does West-MEC provide transportation?***

Students are responsible for their own transportation to a West-MEC program; however, we are currently working with a menu of transit supports. If you anticipate transportation needs, indicate this when completing your application.

## ***What is the length of a West-MEC program?***

Programs are one or two years in length. Class times vary depending on the program of choice.
