

### ADDENDUM 3

Project: Halo Detector Installation  
Invitation for Bid No.: 25-00-16  
Owner: Medford School District 549C

---

Date: December 2, 2024

#### Instructions to Prospective Bidders:

This Addendum forms a part of the Contract Documents and modifies the original Bidding Documents and/or prior Addenda as noted below. All conditions, requirements, materials and workmanship are to be as described in the Contract Documents unless specifically stated otherwise. This Addendum consists of one page.

---

#### Questions and Answers:

Q1 - Some plans show one HS symbol over one stall where there is only one stall, the number of stalls and HS are the same. Other plans show one HS symbol where there are several stalls. For bidding purposes, should I count the HS symbols or the number of stalls?

A1 - Please use the number of HS symbols for bidding purposes, there are 86.

Q2 - The plans provided do not have any type of scale on them, making it very difficult to determine distances between restrooms and the IDF. Please provide scale on drawings to determine cable lengths.

A2 – We are unable to provide accurate scale on all of the drawings, but below is an accurate measurement for one room at each site (and each level where it applies):

- Oakdale Middle School, 1<sup>st</sup> floor, Room 141, width = 31 feet 9-9/16 inches
- Oakdale Middle School, 2<sup>nd</sup> floor, Room 230, width = 99 feet
- Oakdale Middle School, Main Gym, width = 100 feet 6 inches
- Oakdale Middle School, Upper Gym, width = 66 feet
- Innovation Academy, Hub 101, width = 222 feet 3-1/2 inches
- Hedrick Middle School, Small Gym, width = 47 feet 7-15/16 inches
- McLoughlin Middle School, Black Gym, width = 95 feet 4 inches
- North Medford High School, Main Gym, width = 111 feet 4 inches
- South Medford High School, Main Gym, width = 106 feet 6-1/8 inches
