Dear Yr 11 Parents & Carers

I hope this letter finds you well. At the end of Term 1, I wanted to take a moment to reflect on the fantastic start we've had and express my appreciation for your support.

It has been truly inspiring to witness how engaged our students have been from day one. They have adapted to routines quickly, and the positive energy in our classrooms is a testament to their dedication and the wonderful support they receive at home.

We've already achieved so much in a short time. Whether it's in walking talking mocks, attending interventions, curriculum trips or workshops, the independent work and the growth of each student has been pleasing to observe. Their ability to collaborate, think critically, and embrace challenges has made for a productive and enjoyable start to the term.

Of course, none of this would be possible without your involvement. Your encouragement, communication, and partnership have played a crucial role in fostering a learning environment where your children can thrive. We want our young people to be active participants in their education and ensure that they come to school ready to learn and succeed.

We have as a school community supported each other through the challenges of bereavement and we all agree that we 'want to support each other'. We do openly acknowledge the way they - as young people, have supported each other.

Please don't hesitate to reach out if you have any questions, concerns, or feedback.

Key Events
