Meeting was called to order at 4:30PM

Agenda:

1. Introductions
2. Life Skills/Transition Presentation
 - Jerri Kay Boyd shared information about the Life Skills/18+ program at the high school. Ms. Boyd talked about developing opportunities for our students with differences to learn job skills and have real world experience. She also shared opportunities for the community and committee to get involved with supporting these students through events like the Turkey Trot and the Bunny Hop.
3. Elementary PE Scheduling
 - The committee discussed the current elementary PE schedule, which does not allow for structured PE class each day for every child. Students do get the required number of minutes per week, but due to large class sizes, they rotate and alternate through classes. This decision was made to keep class sizes down and provide a safer environment. PE classes were also reconfigured to allow teachers time for professional learning. In order to have PE every day, we would need to hire additional staff, which would have an impact on the budget. The committee agreed to ensure that the administration understands that daily PE is a priority for the SHAC committee.
4. The next meeting is May 9. Members are encouraged to send suggested agenda items to beth.aycock@saladoisd.org or Julia.serna@saladoisd.org.
