## Performing Arts Project

**Ready, Set, Action!**

## **100 Pledges in 100 Days**

The Hudson City School District and the Hudson City Schools Foundation are seeking 100 pledges of \$10,000 or more in the next 100 days in support of the Harmony Performing Arts Project at Hudson High School.

Commitments made between December 3 and March 12 will help ensure the orchestra room addition groundbreaking in the Summer of 2025 as well as choir room, band room, and auditorium renovations and updates planned to begin during the 2025-2026 school year. Pledges can be fulfilled as one-time or annual payments. Donors during this 100-day drive will be recognized as Directors on the Harmony Donor Wall to be installed at the entrance of the HHS Auditorium as well as on dedicated auditorium seating.

The stage is set for Harmony—a \$5.5 million public and private funding partnership. With the District's initial commitment of \$1.5 million in capital improvement funds and a generous donation of \$1 million from the Quagliata Family Foundation, we are poised to move from concept to construction. Parent, community and alumni support in the next 100 days is critical to the imminent progress of this long awaited Performing Arts Project. Naming rights and corporate sponsorship still available. Please consider making your pledge today!
