Family Connections

Habit of the Month

Put First Things First

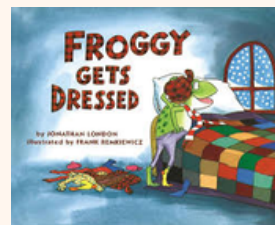

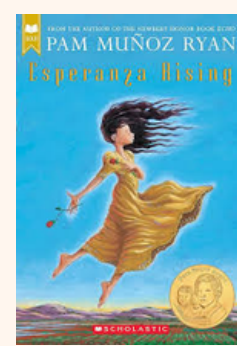

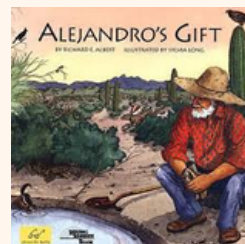

Whether it is professionally or personally, it is important to develop strategies to help manage every day tasks. Putting first things first helps us work first, then play. We can set priorities, make a schedule, then follow the plan to prioritize tasks.

December's Literature Theme:

Kindness

This month, prioritize completing an act of kindness for someone else and look for books that relate to kindness. If you do, make sure to fill out a slip for your teacher!

Literature Corner

Help us discover the Genius in our Panthers! Student Council wants to highlight what our students are accomplishing outside of school! Share your child's genius with us using this [LINK](#). Students will be featured on a bulletin board at school!

Story Time

Read one of the suggested stories and discuss how it connects to prioritizing or putting first things first.

We did it! ☐

Talk Time

At the beginning of the week, talk about what needs to be done by the end of the week. Work on prioritizing to get the tasks done throughout the week.

We did it! ☐

Work Time

Prioritize by completing your homework before playing.

We did it! ☐

Play Time

Prioritize by playing with someone who is important to you.
