Dear Parent/Guardian:

Each year we are required to send home to each parent or guardian a compact to be signed by the parent and returned for each child who attends a Title I school.

What is Title I? It is the largest aid program for our nation's schools. The program provides extra help to students that need it the most. These are children who are furthest from meeting the standards the state has set for all children. Title I resources are directed to schools with high poverty levels. This program serves millions of children in elementary and secondary schools each year.

A Title I school works to identify students most in need of educational help, set goals for improvement, measure student progress, develop programs that add to regular classroom instruction and involve parents in all aspects of the program.

Plainview High School is a Title I school and receives funding from the federal government to provide a pre-K teacher and aide, and a computer lab resource aide. Funds are also provided to enhance our library, technical equipment and training programs. All of these are designed to increase student achievement in the areas of reading, language arts, mathematics, and computer literacy.

Your Title I program needs you to help in the following ways:

- Work with your child at home
- Volunteer at school
- Attend parent/teacher conferences

Parent-school compacts state the goals and responsibilities of both parents and schools. This compact is an agreement that can help your child improve in school.

Many thanks. ☺

Bryan Landry, Principal
