Independent Auditors' Report

Management and the Board of Education
Centreville Public Schools
Centreville, Michigan

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Centreville Public Schools, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Centreville Public Schools' basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Centreville Public Schools, as of June 30, 2024, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Centreville Public Schools, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Centreville Public Schools' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government*

Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Centreville Public Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Centreville Public Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the school district's proportionate share of the net pension liability, schedule of the school district's pension contributions, schedule of the school district's proportionate share of the net OPEB liability (asset), and schedule of the school district's OPEB contributions identified in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Centreville Public Schools' basic financial statements. The other supplementary information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The other supplementary information, as identified in the table of contents, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare

the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information, as identified in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2024 on our consideration of Centreville Public Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Centreville Public Schools' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Centreville Public Schools' internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Centreville Public Schools
Management’s Discussion and Analysis
June 30, 2024

This section of Centreville Public Schools’ (the “School District”) annual financial report presents our discussion and analysis of the School District’s financial performance during the year ended June 30, 2024. It is to be read in conjunction with the School District’s financial statements, which immediately follow. This is a requirement of the Governmental Accounting Standards Board Statement No. 34 (GASB 34) *Basic Financial Statements - and Management’s Discussion and Analysis - for State and Local Governments* and is intended to provide the financial results for the fiscal year ending June 30, 2024.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Centreville Public Schools financially as a whole. The district-wide financial statements provide information about the activities of the whole School District, presenting both an aggregate view of the School District’s finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements look at the School District’s operations in more detail than the district-wide financial statements by providing information about the School District’s most significant fund – the General Fund, with all other funds presented in one column as non-major funds. The annual report is arranged as follows:

Management’s Discussion and Analysis (MD&A)
(Required Supplemental Information)

Basic Financial Statements

District-wide Financial Statements

Fund Financial Statements

Notes to the Basic Financial Statements

(Required Supplemental Information)
Budgetary Information for Major Funds

Other Supplemental Information

Reporting the School District as a Whole – District-wide Financial Statements

One of the most important questions asked about the School District is, “As a whole, what is the School District’s financial condition as a result of the year’s activities?” The statement of net position and the statement of activities, which appear first in the School District’s financial statements, report information about the School District as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year’s revenues and expenses are taken into account regardless of when cash is received or paid.

Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024

These two statements report the School District's net position – the difference between assets and liabilities, as reported in the statement of net position – is one way to measure the School District's financial health or financial position. Over time, increases or decreases in the School District's net position – as reported in the statement of activities – are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the School District's operating results. However, the School District's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the schools to assess the overall health of the School District.

The statement of net position and statement of activities report the governmental activities for the School District, which encompass all of the School District's services, including instruction, support services, community services, athletics, and food services. Property taxes, unrestricted State aid (foundation allowance revenue), and State and federal grants finance most of these activities.

Reporting the School District's Most Significant Funds – Fund Financial Statements

The School District's fund financial statements provide detailed information about the most significant funds – not the School District as a whole. Some funds are required to be established by State law and by bond covenants. However, the School District establishes many other funds to help it control and manage money for particular purposes (the Food Service Fund is an example) or to show that it's meeting legal responsibilities for using certain taxes, grants, and other money (such as bond-funded construction funds used for voter-approved capital projects). The governmental funds of the School District use the following accounting approach:

Governmental funds – All of the School District's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and balances left at year end that are available for spending. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the operations of the School District and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds in reconciliation.

The basic financial statements also include the notes to the financial statements that explain the information in the basic financial statements and provide more detailed data. Supplementary information follows and includes combining and individual fund statements as well as a budgetary comparison schedule for the general fund.

Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024

The School District as a Whole

Recall that the statement of net position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position as of June 30, 2024 and 2023.

Table 1

| | Governmental Activities | |
|----------------------------------|-------------------------|----------------|
| | June 30 | |
| | 2024 | 2023 |
| Assets | | |
| Current and other assets | \$ 6,078,835 | \$ 6,693,969 |
| Property and equipment | 16,901,873 | 15,213,479 |
| Net OPEB asset | 287,687 | - |
| Deferred outflows of resources | 6,937,181 | 6,110,130 |
| Totals assets | 30,205,576 | 28,017,578 |
| Liabilities | | |
| Current liabilities | 2,608,028 | 1,561,447 |
| Noncurrent liabilities | 29,697,417 | 28,105,906 |
| Deferred inflows of resources | 4,992,001 | 2,896,812 |
| Total liabilities | 37,297,446 | 32,564,165 |
| Net Position | | |
| Net investment in capital assets | 6,069,721 | 4,894,275 |
| Restricted | 1,144,948 | 802,394 |
| Unrestricted (deficit) | (10,233,348) | (10,243,256) |
| Total net position | \$ (3,018,679) | \$ (4,546,587) |

The preceding analysis focuses on the net position. The change in net position of the School District's governmental activities is discussed below in Table 2. The net position was \$(3,018,679) at June 30, 2024. Capital assets, net of related debt totaling \$6,069,721 compares the original cost, less depreciation of the School District's capital assets, to long-term debt used to finance the acquisition of those assets. Most of the debt will be repaid from voter-approved property taxes collected as the debt service comes due. Net position that was restricted for debt service was \$302,984, restricted for food service fund totaled \$554,277, and restricted for Net OPEB asset totaled \$287,687. The remaining amount of net position of \$(10,233,348) was unrestricted.

**Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024**

Approximately \$(10,233,348) in unrestricted net position of governmental activities represents the *accumulated* results of all past year's operations. The unrestricted net position balance enables the School District to meet working capital and cash flow requirements as well as to provide for future uncertainties. The operating results of the General Fund will have a significant impact on the change in unrestricted net position from year to year.

The results of this year's operations for the School District as a whole are reported in the statement of activities (Table 2), which shows the changes in net position for fiscal years June 30, 2024 and 2023.

Table 2

| | Governmental Activities | |
|--|-------------------------|-------------------|
| | June 30 | |
| | 2024 | 2023 |
| Revenue | | |
| Program revenue: | | |
| Charges for services | \$ 416,393 | \$ 433,626 |
| Operating grants and contributions | 4,178,474 | 4,657,120 |
| General Revenue: | | |
| Property taxes | 2,525,055 | 2,164,060 |
| State foundation allowance | 7,460,056 | 6,862,193 |
| Other | 219,022 | 52,135 |
| Total revenue | <u>14,799,000</u> | <u>14,169,134</u> |
| Functions/Program Expenses | | |
| Instruction | 7,315,103 | 7,070,576 |
| Support services | 4,922,419 | 3,967,858 |
| Food services | 608,839 | 534,908 |
| Community services | 4,204 | 1,698 |
| Depreciation (unallocated) | - | 747,879 |
| Interest and other charges on long-term debt | 420,527 | 273,668 |
| Total functions/program expenses | <u>13,271,092</u> | <u>12,596,587</u> |
| Change in Net Position | 1,527,908 | 1,572,547 |

Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024

As reported in the statement of activities, the cost of all of our *governmental* activities this year was \$13,271,092. Certain activities were partially funded from charges for services of \$416,393 from those who benefited from the programs or by other governments and organizations that subsidized certain programs with grants and contributions of \$4,178,474. We paid for the remaining "public benefit" portion of our governmental activities with \$2,525,055 in taxes, \$7,460,056 in State foundation allowance, and with our other revenues, i.e., interest and general entitlements.

The School District experienced an increase in net position of \$1,527,908. A key reason for the change in net position is an increase in per-pupil State funding and an increase in pupil enrollment. Also, changes in the net pension liability and the net opeb liability (asset) and related deferrals of resources accounted for an approximate increase in net position of \$1 million, and the passage of the 2023 bonds combined with district-wide depreciation accounts for an increase in net position of approximately \$1.7 million. Finally, changes in long term debt account for about a \$3.5 million decline in net position.

Fund Financial Statements

The fund financial statements provide more detailed information about the School District's funds, focusing on its most significant or "major" funds - not the School District as a whole. Funds are accounting devices the School District uses to keep track of specific sources of funding and spending on particular programs.

The School District utilizes *Governmental funds* within this report. Most of the School District's basic services are included in governmental funds, which generally focus on: 1) how cash and other financial assets that can readily be converted to cash flow in and out and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. Since the district-wide financial statements and the fund financial statements use different methods of accounting to report the School District's financial condition, a reconciliation is included in the financial statements showing the differences between the two types of statements.

The School District's Funds

As we noted earlier, the School District uses funds to help it control and manage money for particular purposes. Looking at funds helps the reader consider whether the School District is being accountable for the resources taxpayers and others provide to it and may provide more insight into the School District's overall financial health.

As the School District completed this year, the governmental funds reported a combined fund balance of \$7,519,865, which is an increase of \$2,447,947 from last year.

In the General Fund, our principal operating fund, the fund balance increased from \$2,385,419 to \$2,423,751. General Fund balance is available to fund costs related to allowable school operating purposes.

The General Capital Projects Fund ending fund balance decreased from \$1,105,204 to \$425,227 as a result of spending on capital projects during the year.

Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024

The 2023 Capital Projects Funds was established in this fiscal year and was funded from the sale of voter-approved bonds. The ending fund balance was \$3,474,632.

The Food Service Fund is a special revenue fund and was established to account for all revenue and expenses of the food service program of the District. The Food Service fund balance increased \$82,868 from June 30, 2023 to June 30, 2024 primarily due to additional State funding.

The Student and School Activity Fund is a special revenue fund established to account for all revenue and expenses associated with the various clubs, booster groups, class funds, etc. of the District.

All funds in the 2020 Capital Projects Fund have been expended and the balance is \$0 at June 30, 2024.

Combined, the Debt Service Funds showed a fund balance decrease of 1,291. Millage rates are determined annually to ensure that the School District accumulates sufficient resources to pay annual bond issue-related debt service. Debt Service Funds balances are restricted since they can only be used to pay debt service obligations.

Fund balance that was restricted or committed for capital projects totaled \$3,899,859, restricted for debt service totaled \$380,504, committed for Student and School Activities totaled \$261,474, and restricted for the food service fund totaled \$536,509. Fund balance of \$193,620 was assigned to fund 2024-2025 budget appropriations. Fund balance of \$37,194 is non-spendable. The remaining amount of net position of \$2,210,705 was unassigned..

General Fund Budgetary Highlights

Over the course of the year, the School District revises its budget as it attempts to deal with unexpected changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. The final amendment to the budget was adopted just before year-end. A schedule showing the School District's original and final budget amounts, compared with amounts actually paid and received, is provided in required supplementary information of these financial statements.

There were revisions made to the 2023-24 General Fund original budget. Budgeted revenues were increased \$987,218 to reflect additional State revenues, actual student count, as well as final Federal funding amounts. Budgeted expenditures were increased \$1,003,246 reflecting increases related to staffing additions/changes and additional capital expenditures. Actual expenditure variances were relatively consistent with the budget as noted on page 5-1 of the financial statements.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2024, the School District had \$16,901,873 invested in capital assets. This included a net increase during the past fiscal year of \$1,688,394 consisting of depreciation charges of \$739,435 and capital asset purchases of \$2,427,829. More detailed information about the School District's capital assets can be found in the notes to the financial statements section of this document.

Centreville Public Schools
Management's Discussion and Analysis
June 30, 2024

Long-term Debt

At year end, the School District had total long-term debt of \$14,406,862. The School District continued to pay down its debt, retiring \$1,045,000 of outstanding bonds during the year, while issuing new bonds for \$4,510,000. In addition, \$57,102 was amortized for bond premium and \$3,069 was amortized for bond discount during the year.

The School District's general obligation bond long term rating is AA and its underlying rating is A. The State limits the amount of general obligation debt that schools can issue to 15 percent of the assessed value of all taxable property within the School District's boundaries. If the School District issues "qualified debt," i.e., debt backed by the State of Michigan, such obligations are not subject to this debt limit. We present more detailed information about our long-term liabilities in the notes to the financial statements.

Economic Factors and Next Year's Budget and Rates

The School District's General Fund budget for the 2025 fiscal year projects total revenues of \$12,438,331 and total expenditures of \$12,631,951, resulting in a projected ending fund balance of \$2,071,905 or 16.4% of budgeted expenditures. The School District continues to work to balance its expenditures while providing an excellent education to the students it serves.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the School District's finances and to demonstrate the School District's accountability for the money it receives. Centreville Public Schools
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2024

| | |
|--|---------------------|
| Net change in fund balances - Total governmental funds | \$ 2,447,947 |
| Total change in net position reported for governmental activities in the statement of activities is different because: | |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. | |
| Operating grants | (4,986) |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. | |
| Depreciation and amortization expense | (739,435) |
| Capital outlay | 2,427,829 |
| Expenses are recorded when incurred in the statement of activities. | |
| Interest | (26,710) |
| Compensated absences | (61,777) |
| The statement of net position reports the net pension liability and deferred outflows of resources and deferred inflows related to the net pension liability and pension expense. However, the amount recorded on the governmental funds equals actual pension contributions. | |
| Net change in net pension liability | 1,029,674 |
| Net change in deferrals of resources related to the net pension liability | (939,796) |
| The statement of net position reports the net OPEB liability (asset) and deferred outflows of resources and deferred inflows related to the net OPEB liability (asset) and OPEB changes. However, the amount recorded on the governmental funds equals actual OPEB contributions. | |
| Net change in net OPEB liability (asset) | 1,206,012 |
| Net change in deferrals of resources related to the net OPEB liability (asset) | (333,117) |
| Bond and note proceeds and leases are reported as financing sources in the governmental funds and thus contribute to the change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are recorded as liabilities and amortized in the statement of activities. When debt refunding occurs, the difference in the carrying value of the refunding debt and the amount applied to the new debt is reported the same as regular debt proceeds or repayments, as a financing source or expenditure in the governmental funds. However, in the statement of net position, debt refunding may result in deferred inflows of resources or deferred outflows of resources, which are then amortized in the statement of activities. | |
| Debt issued | (4,576,766) |
| Repayments of long-term debt | 1,045,000 |
| Amortization of premiums | 57,102 |
| Amortization of bond discount | (3,069) |
| Change in net position of governmental activities | \$ 1,527,908 |

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Centreville Public Schools (School District) conform to accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The following is a summary of the School District’s significant accounting policies:

Reporting Entity

The School District is governed by an elected seven-member Board of Education. The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the School District’s reporting entity, and which organizations are legally separate component units of the School District. The School District has no component units.

District-wide Financial Statements

The School District’s basic financial statements include both district-wide (reporting for the district as a whole) and fund financial statements (reporting the School District’s major funds). The district-wide financial statements categorize all non-fiduciary activities as either governmental or business type. All of the School District’s activities are classified as governmental activities.

The statement of net position presents governmental activities on a consolidated basis, using the economic resources measurement focus and accrual basis of accounting. This method recognizes all long-term assets and receivables as well as long-term debt and obligations. The School District’s net position is reported in three parts (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted assets. The School District first utilizes restricted resources to finance qualifying activities.

The statement of activities reports both the gross and net cost of each of the School District’s functions. The functions are also supported by

general government revenues (property taxes and certain intergovernmental revenues). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The net costs (by function) are normally covered by general revenue (property taxes, state sources and federal sources, interest income, etc.). In creating the district-wide financial statements the School District has eliminated interfund transactions.

The district-wide focus is on the sustainability of the School District as an entity and the change in the School District’s net position resulting from current year activities.

Fund Financial Statements

Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, unrestricted state aid, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the district.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

The School District reports the following major governmental funds:

General Fund – The General Fund is used to record the general operations of the School District pertaining to education and those operations not required to be provided for in other funds.

General Capital Projects Fund – The General Capital Projects Fund is used to record General Fund and other non-bonded proceeds transfers intended for capital projects and the payments for related expenditures by the School District.

2023 Capital Projects Fund – The 2023 Capital Projects Fund is used to record bond and other revenues and the payments for related expenditures by the School District.

Debt Service Fund – Debt Service Funds are used to record tax, interest, and other revenue and the payment of interest, principal, and other expenditures on long-term debt.

Additionally, the School District reports the following nonmajor funds:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. The School District’s Special Revenue Funds include the Food Service Fund and Student/School Activity Fund.

2020 Capital Projects Fund – The 2020 Capital Projects Fund is used to record bond and other revenues and the payments for related expenditures by the School District.

Assets, Liabilities and Net Position or Equity

Receivables and Payables - Generally, outstanding amounts owed between funds are classified as “due from/to other funds.” These amounts are caused by transferring revenues and expenses between funds to get them into the proper reporting fund. These balances are paid back as cash flow permits.

Property taxes and other receivables are shown net of an allowance for uncollectible amounts. The School District considers all accounts receivable to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

Property taxes collected are based upon the approved tax rate for the year of levy. For the fiscal year ended June 30, 2024, the rates are as follows per \$1,000 of assessed value.

| | |
|-----------------------------------|----------|
| General Fund | |
| Non-principal residence exemption | 18.00000 |
| Commercial personal property | 6.00000 |
| | |
| Debt Service Funds | 7.00000 |

School property taxes are assessed and collected in accordance with enabling state legislation by cities and townships within the School District’s boundaries.

The property tax levy runs from July 1 to June 30. Property taxes become a lien on the first day of the levy year and are due on or before September 14 or February 14. Collections are forwarded to the School District as collected by the assessing municipalities. Real property taxes uncollected as of March 1 are purchased by St. Joseph County and remitted to the School District by May 15.

Inventories and Prepaid Items - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed. Certain payments to vendors reflect costs applicable to future fiscal years. For such payments in governmental funds the School District follows the consumption method, and they therefore are capitalized as prepaid items in both district-wide and fund financial statements.

Capital Assets - Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their acquisition value at the date of donation. The School District defines capital assets as assets with an initial individual cost in excess

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

of \$5,000. Costs of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized. The School District does not have infrastructure assets.

Buildings, equipment, and vehicles are depreciated using the straight-line method over the following useful lives:

| | |
|----------------------------|---------------|
| Buildings and improvements | 10 - 50 years |
| Buses and other vehicles | 7 - 10 years |
| Furniture and equipment | 10 years |
| Outside site improvements | 20 years |

Deferred Outflows of Resources - A deferred outflow of resources is a consumption of net position by the government that is applicable to a future reporting period. For district-wide financial statements, the School District reports deferred outflows of resources as a result of pension and OPEB plan earnings. This amount is the result of a difference between what the plan expected to earn from plan investments and what is actually earned. This amount will be amortized over the next four years and included in pension and OPEB expense. Changes in assumptions and experience differences relating to the net pension and OPEB liabilities (assets) are deferred and amortized over the expected remaining services lives of the employees and retirees in the plans. The School District also reported deferred outflows of resources for pension and OPEB contributions made after the measurement date. This amount will reduce the net pension and OPEB liabilities (assets) in the following year.

Long-term Obligations - In the district-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. In the fund financial statements, governmental fund types recognize bond premiums and discounts.

In the School District's fund financial statements, the face amount of the debt issued is reported as other financing sources. Premiums

received on debt issuance are reported as other financing sources while discounts are reported as other financing uses.

Pension - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Michigan Public School Employees Retirement System (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions - For purposes of measuring the net OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Michigan Public School Employees Retirement System (MPERS) and additions to/deductions from MPERS fiduciary net position have been determined on the same basis as they are reported by MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences - School District employees are granted vacation and sick leave in varying amounts based on length of service. Unused vacation time and sick leave accumulate from year to year at varying rates, depending on the employee's applicable rate of pay and/or employment category. The liability for compensated absences includes salary-related payments.

Deferred Inflows of Resources - A deferred inflow of resources is an acquisition of net position by the government that is applicable to a future reporting period. For governmental funds this includes unavailable revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current period. Deferred inflows for leases are related to leases receivable and are being amortized to recognize lease revenue in a systematic and

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

rational manner over the term of the lease. For district-wide financial statements, the School District reports deferred inflows of resources as a result of pension and OPEB plan earnings. This amount is the result of a difference between what the plan expected to earn from the plan investments and what the plan actually earned. This amount will be amortized over the next four years and included in pension and OPEB expense. Changes in assumptions and experience differences relating to the net pension and OPEB liabilities (assets) are deferred and amortized over the expected remaining services lives of the employees and retirees in the plans. Deferred inflows of resources also includes revenue received relating to the amounts included in the deferred outflows for payments related to MPSERS Unfunded Actuarial Accrued Liabilities (JAAL) Stabilization defined benefit pension statutorily required contributions.

Fund Balance - In the fund financial statements, governmental funds report fund balances in the following categories:

Non-spendable - amounts that are not available in a spendable form.

Restricted - amounts that are legally imposed or otherwise required by external parties to be used for a specific purpose.

Committed - amounts that have been formally set aside by the Board of Education for specific purposes. A fund balance commitment may be established, modified, or rescinded by a resolution of the Board of Education.

Assigned - amounts intended to be used for specific purposes, as determined by the Board of Education. The board of education has granted the finance committee and Superintendent the authority to assign funds. Residual amounts in governmental funds other than the General Fund are automatically assigned by their nature.

Unassigned - all other resources; the remaining fund balances after non-spendable, restrictions, commitments, and assignments.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the School District's policy is to consider restricted funds spent first.

When an expenditure is incurred for purposes for which committed, assigned, or unassigned amounts could be used, the School District's policy is to consider the funds to be spent in the following order: (1) committed, (2) assigned, (3) unassigned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, as well as deferred inflows and deferred outflows of resources at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

Eliminations and Reclassifications

In the process of aggregating data for the statement of net position and the statement of activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

Adoption of New Accounting Standards

Statement No. 100, *Accounting Changes and Error Corrections*, improves the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. More understandable, reliable, relevant, consistent and comparable information will be provided to financial statement users for making decisions or assessing accountability. Additionally, the display and note disclosure requirements will result in more consistent, decision useful, understandable and comprehensive information for users about accounting changes and error corrections.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Upcoming Accounting and Reporting Changes

Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This statement is effective for the year ending June 30, 2025.

Statement No. 102, *Certain Risk Disclosures*, requires organizations to provide users of the financial statements with essential information about risks related to the organization’s vulnerabilities due to certain concentrations or constraints. This statement is effective for the year ending June 30, 2025.

Statement No. 103, *Financial Reporting Model Improvements*, improves key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing an organization’s accountability while also addressing certain application issues. This statement includes changes to management’s discussion and analysis, unusual or infrequent items, presentation of the proprietary fund statements of revenues, expenses, and changes in fund net position, major component unit information, and budgetary comparison information. This statement is effective for the year ending June 30, 2026.

The School District is evaluating the impact that the above pronouncements will have on its financial reporting.

Note 2 - Stewardship, Compliance, and Accountability

Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America and state law for the General and Special Revenue Funds. All annual appropriations lapse at fiscal yearend, thereby canceling all encumbrances. These appropriations are reestablished at the beginning of the year.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body is the function level. State law requires the School District to have its budget in place by July 1. A district is not considered in violation of the law if reasonable procedures are in use by the School District to detect violations.

The Superintendent is authorized to transfer budgeted amounts between functions within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education. Budgeted amounts are as originally adopted or as amended by the Board of Education throughout the year.

Excess of Expenditures over Appropriations

During the year, the School District incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

| Function | Final Budget | Amount of Expenditures | Budget Variances |
|--------------------------------|-----------------|---------------------------|---------------------|
| General Fund | | | |
| Adult and continuing education | \$ 99,730 | \$ 101,472 | \$ 1,742 |
| Pupil | 361,288 | 379,070 | 17,782 |
| School administration | 842,973 | 898,433 | 55,460 |
| Central | 327,000 | 327,095 | 95 |

Compliance - Bond Proceeds

The 2023 and 2020 Capital Project Funds includes capital project

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

activities funded with bonds. For these capital projects, the school district has complied with the applicable provisions of Section 1351a of the Revised School Code. The 2023 Capital Projects Fund activity is not yet considered substantially complete and a subsequent year audit is expected.

Beginning with the year of bond issuance, the School District has reported the annual construction activity for the 2020 School Building and Site Bonds, Series III in the 2020 Capital Projects Fund. The project was considered complete on June 30, 2024 and the cumulative expenditures recognized for the construction period were \$5,406,088.

The following is a summary of the revenue and expenditures in the 2023 and 2020 Capital Project Funds from the inception of the funds through the current fiscal year:

| | <u>2020 Capital Projects Fund</u> | <u>2024 Capital Projects Fund</u> |
|--------------------------------------|---------------------------------------|---------------------------------------|
| Revenues and other financing sources | \$ 5,406,088 | \$ 4,715,956 |
| Expenditures | <u>5,406,088</u> | <u>1,241,324</u> |
| Remainder to be spent | <u>\$ -</u> | <u>\$ 3,474,632</u> |

Note 3 - Deposits and Investments

The School District's deposits and investments were reported in the basic financial statements in the following categories:

| | <u>Governmental Activities</u> |
|-------------|------------------------------------|
| Cash | \$ 3,613,836 |
| Investments | <u>4,383,152</u> |
| | <u>\$ 7,996,988</u> |

The breakdown between deposits and investments for the School District is as follows:

| | |
|--|----------------------------|
| Deposits (checking, savings accounts, money markets, certificates of deposit) | \$ 3,613,706 |
| Investments in securities, mutual funds, and similar vehicles | 4,383,152 |
| Petty cash and cash on hand | <u>130</u> |
| Total | <u>\$ 7,996,988</u> |

As of year end, the School District had the following investments:

| <u>Investment</u> | <u>Carrying Value</u> | <u>Maturities</u> | <u>Rating</u> | <u>Organization</u> |
|-------------------------------------|---------------------------|-------------------|---------------|---------------------|
| External investment pools: | | | | |
| Michigan Liquid Asset Fund (MILAF): | | | | |
| MILAF + Portfolio | | | | |
| Cash Management Class | \$ 554,660 | < 60 days | AAAm | S&P |
| MAX Class | <u>3,828,492</u> | < 60 days | AAAm | S&P |
| | <u>\$ 4,383,152</u> | | | |

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Interest rate risk - The School District does not have a formal investment policy to manage its exposure to fair value losses arising from changes in interest rates.

Credit risk - State statutes and the School District's investment policy authorize the School District to make deposits in the accounts of federally insured banks, credit unions, and savings and loan associations that have an office in Michigan; the School District is allowed to invest in U.S. Treasury or Agency obligations, U.S. government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase that matures not more than 270 days after the date of purchase, mutual funds, and investment pools that are composed of authorized investment vehicles.

Concentration of credit risk - The School District has no policy that would limit the amount that may be invested with any one issuer.

Custodial credit risk - deposits - In the case of deposits, this is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk. As of year end, \$3,476,380 of the School District's bank balance of \$3,726,380 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Note 4 - Capital Assets

A summary of the changes in governmental capital assets is as follows:

| | Beginning Balance | Increases | Decreases | Ending Balance |
|--|----------------------|---------------------|-------------|----------------------|
| Governmental activities | | | | |
| Capital assets not being depreciated | | | | |
| Construction-in-progress | \$ 57,957 | \$ 2,183,751 | \$ - | \$ 2,241,708 |
| Capital assets being depreciated | | | | |
| Buildings and improvements | 22,427,634 | - | - | 22,427,634 |
| Buses and other vehicles | 894,484 | 122,302 | - | 1,016,786 |
| Furniture and equipment | 3,733,726 | 121,776 | - | 3,855,502 |
| Outside site improvements | 903,699 | - | - | 903,699 |
| Total capital assets being depreciated | <u>27,959,543</u> | <u>244,078</u> | <u>-</u> | <u>28,203,621</u> |
| Less accumulated depreciation for | | | | |
| Buildings and improvements | 8,250,515 | 514,687 | - | 8,765,202 |
| Buses and other vehicles | 635,728 | 70,847 | - | 706,575 |
| Furniture and equipment | 3,044,545 | 151,826 | - | 3,196,371 |
| Outside site improvements | 873,233 | 2,075 | - | 875,308 |
| Total accumulated depreciation | <u>12,804,021</u> | <u>739,435</u> | <u>-</u> | <u>13,543,456</u> |
| Net capital assets being depreciated | <u>15,155,522</u> | <u>(495,357)</u> | <u>-</u> | <u>14,660,165</u> |
| Net capital assets | <u>\$ 15,213,479</u> | <u>\$ 1,688,394</u> | <u>\$ -</u> | <u>\$ 16,901,873</u> |

Depreciation expense of capital assets and amortization expense of right to use assets was charged to activities of the School District as follows:

| | |
|--------------------------------|-------------------|
| Governmental activities | |
| Instruction | \$ 421,478 |
| Supporting services | 280,985 |
| Food services | <u>36,972</u> |
| Total governmental activities | <u>\$ 739,435</u> |

Construction Commitments

At year end, the School District has legally enforceable construction

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

contracts in place of approximately \$5.1 million. Of this amount, approximately \$1.7 million as been incurred as year end.

Note 5 - Leases

The School District has a lessor leasing arrangement. The lease commenced in 1999 and automatically renews in 10-year terms through 2039 unless the lessee notifies the lessor in writing of the lessee's intention not to extend the agreement prior to the expiration of any term. It is the School District's intent to exercise all renewals. Payments increase 20% per renewal term and range from \$480 through \$691 monthly through the end of all available renewal periods with an implied interest rate of 2.05%

The District collected \$7,488 from the tenants for the year ended June 30, 2024, which includes \$5,168 in lease revenue, \$2,320 in lease interest revenue.

A lease receivable and deferred inflows have been recorded to reflect future expected payments.

Lease Liabilities

The School District has operating lease arrangements for office equipment. Future payments are due through 2027-2028 and range from \$34 to \$810 per month. Expenditures related to leasing this equipment were approximately \$15,000 for the year ended June 30, 2024. Lease liabilities were not recorded on the statement of net position as the School District has determined them to be immaterial.

Note 6 - Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the components of unearned revenue are as follows:

| | |
|---|-------------------|
| Grant and categorical aid payments received | |
| prior to meeting all eligibility requirements | \$ 279,373 |
| Prepaid student lunch fees | <u>7,760</u> |
| Total | <u>\$ 287,133</u> |

Note 7 - Interfund Receivables, Payables, and Transfers

At June 30, 2024, the School District had the following interfund receivables and payables:

| Receivable Fund | Payable Fund | Amount |
|-------------------------------|----------------|------------------|
| Nonmajor Funds | General Fund | \$ 424 |
| General Capital Projects Fund | Nonmajor Funds | 388 |
| General Fund | Nonmajor Funds | <u>28,681</u> |
| | | <u>\$ 29,493</u> |

The outstanding balances between funds result mainly from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made. Management does not anticipate individual interfund balances to remain outstanding for periods in excess of one year.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Interfund transfers consist of the following:

| | Transfers Out | | | |
|---------------------|----------------------|-------------------------------|-----------------|------------------|
| | Nonmajor Funds | 2023 Capital Projects Fund | General Fund | Total |
| Transfers in | | | | |
| General Fund | \$ 6,409 | \$ 10,246 | \$ - | \$ 16,655 |
| Nonmajor Funds | - | - | 1,280 | 1,280 |
| | <u>\$ 6,409</u> | <u>\$ 10,246</u> | <u>\$ 1,280</u> | <u>\$ 17,935</u> |

Transfers of \$6,409 were made to reimburse indirect costs incurred in the General Fund on behalf of the Food Service Fund. Transfers of \$10,246 were made from the 2023 Capital Projects Fund to the General Fund as part of the arrangement for passage of the related bonds. Finally, transfers of \$1,280 were made from the General Fund to the Food Service Fund.

Note 8 - State Aid Anticipation Note

The School District issues state aid anticipation notes in advance of state aid collections, depositing the proceeds in the General Fund. These notes are necessary because the School District receives state aid from October through the following August for its fiscal year ending June 30th. The School District is required to pledge 100% of their state school aid, October through August, or until the note is repaid, whichever is longer. The State has discretion to accelerate repayment terms if they have cause for concern. If the note is in default status, there is a penalty interest rate that may apply.

Short-term debt activity for the year was as follows:

| | Beginning Balance | Proceeds | Repayments | Ending Balance |
|-----------------------------|----------------------|-------------------|-------------------|-------------------|
| State aid anticipation note | <u>\$ 500,000</u> | <u>\$ 500,000</u> | <u>\$ 500,000</u> | <u>\$ 500,000</u> |

Note 9 - Long-Term Debt

The School District issues bonds, notes, and other contractual commitments to provide for the acquisition and construction of major capital facilities and the acquisition of certain equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the School District. The State can withhold state aid if it has to make a bond payment on behalf of the School District related to qualified bonds. Other long-term obligations include compensated absences.

Long-term obligation activity is summarized as follows:

| | Beginning Balance | Additions | Reductions | Ending Balance | Amount Due Within One Year |
|--------------------------|----------------------|---------------------|---------------------|----------------------|----------------------------------|
| Bonds and notes payable | | | | | |
| General obligation bonds | \$ 10,465,000 | \$ 4,510,000 | \$ 1,045,000 | \$ 13,930,000 | \$ 1,095,000 |
| Bond premiums | 390,265 | 66,766 | 57,102 | 399,929 | - |
| Bond discounts | (26,214) | - | (3,069) | (23,145) | - |
| Total bonds payable | 10,829,051 | 4,576,766 | 1,099,033 | 14,306,784 | 1,095,000 |
| Other liabilities | | | | | |
| Compensated absences | 38,301 | 69,438 | 7,661 | 100,078 | 25,000 |
| Total | <u>\$ 10,867,352</u> | <u>\$ 4,646,204</u> | <u>\$ 1,106,694</u> | <u>\$ 14,406,862</u> | <u>\$ 1,120,000</u> |

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

General obligation bonds payable at year end, consist of the following:

| | |
|---|----------------------|
| 2014 Building & Site Bonds due in annual installments of \$200,000 to \$625,000 through May 1, 2028, interest at 2.00-3.75% | \$ 2,005,000 |
| 2015 Refunding Bonds due in one installment of \$440,000 on May 1, 2025, interest at 1.55% | 440,000 |
| 2017 Building & Site Bonds due in annual installments of \$100,000 to \$700,000 through May 1, 2032, interest at 3.00% | 2,500,000 |
| 2020 Building & Site Bonds due in annual installments of \$175,000 to \$1,135,000 through May 1, 2034, interest at 2.00-4.00% | 4,625,000 |
| 2023 Building & Site Bonds due in annual installments of \$60,000 to \$240,000 through May 1, 2053, interest at 4.00-5.00% | <u>4,360,000</u> |
| Total general obligation bonded debt | <u>\$ 13,930,000</u> |

Future principal and interest requirements for bonded debt and direct borrowings and direct placements are as follows:

| <u>Year Ending June 30,</u> | <u>Principal</u> | <u>Interest</u> | <u>Total</u> |
|-----------------------------|----------------------|---------------------|----------------------|
| 2025 | \$ 1,095,000 | \$ 465,118 | \$ 1,560,118 |
| 2026 | 995,000 | 428,838 | 1,423,838 |
| 2027 | 1,030,000 | 393,138 | 1,423,138 |
| 2028 | 1,070,000 | 356,186 | 1,426,186 |
| 2029 | 1,100,000 | 316,200 | 1,416,200 |
| 2030-2034 | 4,930,000 | 1,075,350 | 6,005,350 |
| 2035-2039 | 825,000 | 687,700 | 1,512,700 |
| 2040-2044 | 920,000 | 504,200 | 1,424,200 |
| 2045-2049 | 1,025,000 | 313,600 | 1,338,600 |
| 2050-2053 | <u>940,000</u> | <u>94,600</u> | <u>1,034,600</u> |
| Total | <u>\$ 13,930,000</u> | <u>\$ 4,634,930</u> | <u>\$ 18,564,930</u> |

For governmental activities, compensated absences are primarily liquidated by the General Fund.

The general obligation bonds are payable from the Debt Service Funds. As of year end, the fund had a balance of \$380,504 to pay this debt. Future debt and interest will be payable from future tax levies.

Interest and related expenditures for the fiscal year in the Debt Service Fund was \$447,848.

Compensated Absences

Accrued compensated absences at year end, consist of \$100,078 of accrued sick and vacation time benefits. The amount anticipated to be paid out over the next year is included within the amounts listed as due within one year.

Note 10 - Risk Management

The School District is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries (workers' compensation) and certain medical benefits provided to employees. The School District has purchased commercial insurance for general liability, property and casualty and health and vision claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in the past three fiscal years.

The School District is subject to the Michigan Employment Security Act and has elected to pay unemployment claims on a direct self-insured basis. Under this method, the School District must reimburse the Employment Commission for all benefits charged against the School District. No provision has been made for possible future claims.

Note 11 - Pension Plan

Plan Description

The Michigan Public School Employees' Retirement System (System or MPERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

The System's pension plan was established by the State to provide retirement, survivor, and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available on the ORS website at www.michigan.gov/orsschools

Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25 percent to 1.50 percent. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and

retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2022 valuation will be amortized over a 16-year period beginning October 1, 2022 and ending September 30, 2038.

The schedule below summarizes pension contribution rates in effect for plan year ended September 30, 2023.

| Pension Contribution Rates | | |
|----------------------------|------------|----------|
| Benefit Structure | Member | Employer |
| Basic | 0.0 - 4.0% | 20.16% |
| Member Investment Plan | 3.0 - 7.0% | 20.16% |
| Pension Plus | 3.0 - 6.4% | 17.24% |
| Pension Plus 2 | 6.2% | 19.95% |
| Defined Contribution | 0.0% | 13.75% |

Required contributions to the pension plan from the School District were \$1,702,674 for the year ending September 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the School District reported a liability of \$15,290,555 for its proportionate share of the MPERS net pension liability. The net pension liability was measured as of September 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 2022. The School District's proportion of the net pension liability was determined by dividing each employer's statutorily required pension

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2023, the School District's proportion was .0472 percent, which was an increase of .0038 percent from its proportion measured as of September 30, 2022.

For the plan year ending September 30, 2023, the School District recognized pension expense of \$2,195,709 for the measurement period. For the reporting period ending June 30, 2024, the School District recognized total pension contribution expense of \$2,114,323.

At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources | Total |
|--|--------------------------------------|-------------------------------------|---------------------|
| Difference between expected and actual experience | \$ 482,676 | \$ (23,423) | \$ 459,253 |
| Changes of assumptions | 2,071,940 | (1,194,633) | 877,307 |
| Net difference between projected and actual earnings on pension plan investments | - | (312,894) | (312,894) |
| Changes in proportion and differences between the School District contributions and proportionate share of contributions | <u>1,070,561</u> | <u>(59,433)</u> | <u>1,011,128</u> |
| Total to be recognized in future | 3,625,177 | (1,590,383) | 2,034,794 |
| School District contributions subsequent to the measurement date | <u>1,970,734</u> | <u>(1,003,455)</u> | <u>967,279</u> |
| Total | <u>\$ 5,595,911</u> | <u>\$(2,593,838)</u> | <u>\$ 3,002,073</u> |

Contributions subsequent to the measurement date reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. The District will offset the contribution expense in the year ended June 30, 2025 with the 147c supplemental income received subsequent to the measurement date which is included in the deferred inflows of resources.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows during the following plan years:

| Deferred (Inflow) and Deferred Outflow of Resources by Year (To Be Recognized in Future Pension Expenses) | |
|--|--------------|
| 2024 | \$ 647,788 |
| 2025 | 552,641 |
| 2026 | 943,325 |
| 2027 | (108,960) |
| | \$ 2,034,794 |

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Additional information as of the latest actuarial valuation follows:

Summary of Actuarial Assumptions:

- Valuation Date: September 30, 2022
- Actuarial Cost Method: Entry Age, Normal
- Wage inflation rate: 2.75%
- Investment Rate of Return:
 - MIP and Basic Plans: 6.00% net of investment expenses
 - Pension Plus Plan: 6.00% net of investment expenses
 - Pension Plus 2 Plan: 6.00% net of investment expenses
- Projected Salary Increases: 2.75 - 11.55%, including wage inflation at 2.75%

- Cost-of-Living Pension Adjustments: 3% Annual Non-Compounded for MIP Members
- Mortality:
 - Retirees: PubT-2010 Male and Female Mortality Tables, scaled by 116% for males and 116% for females and adjusted for mortality improvements using projection scale MP-2021 from 2010.
 - Active: PubT-2010 Male and Female Mortality Tables, scaled 100% and adjusted for mortality improvements using projection scale MP-2021 from 2010.

Assumption changes as a result of an experience study for the period 2017 through 2022 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2023 valuation. The total pension liability as of September 30, 2023, is based on the results of an actuarial valuation date of September 30, 2022, and rolled forward using generally accepted actuarial procedures, including the experience study.

The recognition period for liabilities is the average of the expected remaining service lives of all employees is 4.4406 years.

The recognition period for assets is 5 years.

Full actuarial assumptions are available in the 2023 MPSERS Annual Comprehensive Financial Report found on the ORS website at www.michigan.gov/orsschools.

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

allocation as of September 30, 2023, are summarized in the following table:

| Asset Class | Target Allocation | Long Term Expected Real Rate of Return* |
|--------------------------------------|-------------------|---|
| Domestic Equity Pools | 25.0 % | 5.8% |
| Private Equity Pools | 16.0 | 9.6% |
| International Equity | 15.0 | 6.8% |
| Fixed Income Pools | 13.0 | 1.3% |
| Real Estate and Infrastructure Pools | 10.0 | 6.4% |
| Absolute Return Pools | 9.0 | 4.8% |
| Real Return/Oppportunistic Pools | 10.0 | 7.3% |
| Short Term Investment Pools | 2.0 | 0.3% |
| | 100.0% | |

*Long-term rates of return are net of administrative expenses and 2.7% inflation.

Rate of Return

For the plan year ended September 30, 2023, the annual money-weighted rate of return on pension plan investment, net of pension plan investment expense, was 8.29%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount Rate

A discount rate of 6.00% was used to measure the total pension liability (6.00% for the Pension Plus plan, 6.00% for the Pension Plus 2, hybrid plans provided through non-university employers only). This discount rate was based on the long-term expected rate of return on pension plan investments of 6.00% (6.00% for the Pension Plus plan, 6.00% for the Pension Plus 2 plan). The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer

contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the School District's proportionate share of the net pension liability calculated using the discount rate of 6.00% (6.00% for the Pension plus plan, 6.00% for the Pension Plus 2 plan), as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

| 1% Decrease 5.00% | Current Single Discount Rate Assumption 6.00% | 1% Increase 7.00% |
|----------------------|--|----------------------|
| \$ 20,657,495 | \$ 15,290,555 | \$ 10,822,383 |

Michigan Public School Employees' Retirement System (MPERS) Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS Annual Comprehensive Financial Report, available on the ORS website at www.michigan.gov/orsschools.

Payables to the Michigan Public School Employees' Retirement System (MPERS)

There were no significant payables to the pension plan that are not ordinary accruals to the School District.

Note 12 - Postemployment Benefits Other Than Pensions (OPEB)

Plan Description

The Michigan Public School Employees' Retirement System (System or MPERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (State) originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's health plan provides all eligible retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available on the ORS website at www.michigan.gov/orsschools.

Benefits Provided

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning with fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who

first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer OPEB contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2022 valuation will be amortized over an 16-year period beginning October 1, 2022 and ending September 30, 2038.

The schedule below summarizes OPEB contribution rates in effect for plan year 2023.

| OPEB Contribution Rates | | |
|--------------------------------|--------|----------|
| Benefit Structure | Member | Employer |
| Premium Subsidy | 3.0% | 8.07% |
| Personal Healthcare Fund (PHF) | 0.0% | 7.21% |

Required contributions to the OPEB plan from the School District were \$396,160 for the year ended September 30, 2023.

OPEB Liabilities or Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the School District reported an asset of \$287,687 for its proportionate share of the MPSERS net OPEB asset. The net OPEB asset was measured as of September 30, 2023, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation rolled forward from September 2022. The School District's proportion of the net OPEB asset was determined by dividing each employer's statutorily required OPEB contributions to the system during the measurement period by the percent of OPEB contributions required from all applicable employers during the

measurement period. At September 30, 2023, the School District's proportion was .0509 percent, which was an increase of .0075 percent from its proportion measured as of September 30, 2022.

For the plan year ending September 30, 2023, the School District recognized OPEB expense of (\$450,986) for the measurement period. For the reporting period ending June 30, 2024, the School District recognized total OPEB contribution expense of \$423,020.

At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources | Total |
|--|--------------------------------------|-------------------------------------|---------------|
| Difference between expected and actual experience | \$ - | \$(2,173,912) | \$(2,173,912) |
| Changes of assumptions | 640,442 | (77,121) | 563,321 |
| Net difference between projected and actual earnings on OPEB plan investments | 877 | - | 877 |
| Changes in proportion and differences between the School District contributions and proportionate share of contributions | 336,664 | (45,477) | 291,187 |
| Total to be recognized in future | 977,983 | (2,296,510) | (1,318,527) |
| School District contributions subsequent to the measurement date | 363,287 | - | 363,287 |
| Total | \$ 1,341,270 | \$(2,296,510) | \$ (955,240) |

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Contributions subsequent to the measurement date reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as an addition to the OPEB asset in the year ended June 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows during the following plan years:

Deferred (Inflow) and Deferred Outflow of Resources by Year
 (To Be Recognized in Future OPEB Expenses)

| | |
|------------|-----------------------|
| 2024 | \$ (479,661) |
| 2025 | (434,259) |
| 2026 | (128,113) |
| 2027 | (135,845) |
| 2028 | (93,395) |
| Thereafter | <u>(47,254)</u> |
| | <u>\$ (1,318,527)</u> |

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Additional information as of the latest actuarial valuation follows:

Summary of Actuarial Assumptions:

- Valuation Date: September 30, 2022
- Actuarial Cost Method: Entry Age, Normal
- Wage inflation rate: 2.75%
- Investment Rate of Return: 6.00% net of investment expenses

- Projected Salary Increases: 2.75 – 11.55%, including wage inflation of 2.75%
- Healthcare Cost Trend Rate: Pre-65: 7.50% Year 1 graded to 3.5% Year 15; Post-65: 6.25% Year 1 graded to 3.5% Year 15
- Mortality:
 - Retirees: PubT-2010 Male and Female Mortality Tables, scaled by 116% for males and 116% for females and adjusted for mortality improvements using projection scale MP-2021 from 2010.
 - Active: PubT-2010 Male and Female Mortality Tables, scaled 100% and adjusted for mortality improvements using projection scale MP-2021 from 2010.

Other Assumptions:

- Opt Out Assumption: 21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan.
- Survivor Coverage: 80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree's death.
- Coverage Election at Retirement: 75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents.

Assumption changes as a result of an experience study for the period 2017 through 2022 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2023 valuation. The total OPEB liability as of September 30, 2023, is based on the results of an actuarial valuation date of September 30, 2022, and rolled forward using generally accepted actuarial procedures, including the experience study.

The recognition period for liabilities is the average of the expected remaining service lives of all employees in years is 6.5099.

The recognition period for assets in years is 5.0000.

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Full actuarial assumptions are available in the 2023 MPSERS Annual Comprehensive Financial Report found on the ORS website at www.michigan.gov/orsschools.

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2023, are summarized in the following table:

| Asset Class | Target Allocation | Long Term Expected Real Rate of Return* |
|--------------------------------------|-------------------|---|
| Domestic Equity Pools | 25.0 % | 5.8% |
| Private Equity Pools | 16.0 | 9.6% |
| International Equity | 15.0 | 6.8% |
| Fixed Income Pools | 13.0 | 1.3% |
| Real Estate and Infrastructure Pools | 10.0 | 6.4% |
| Absolute Return Pools | 9.0 | 4.8% |
| Real Return/Opportunistic Pools | 10.0 | 7.3% |
| Short Term Investment Pools | 2.0 | 0.3% |
| | 100.0% | |

*Long-term rates of return are net of administrative expenses and 2.7% inflation.

Rate of Return

For the plan year ended September 30, 2023, the annual money-

weighted rate of return on OPEB plan investment, net of OPEB plan investment expense, was 7.94%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount Rate

A discount rate of 6.00% was used to measure the total OPEB liability. This discount rate was based on the long-term expected rate of return on OPEB plan investments of 6.00%. The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability or Asset to Changes in the Discount Rate

The following presents the School District's proportionate share of the net OPEB liability or asset calculated using the discount rate of 6.00%, as well as what the School District's proportionate share of the net OPEB liability or asset would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

| 1% Decrease 5.00% | Current Discount Rate 6.00% | 1% Increase 7.00% |
|----------------------|-----------------------------------|----------------------|
| \$ 298,245 | \$ (287,687) | \$ (791,238) |

Centreville Public Schools
Notes to the Financial Statements
June 30, 2024

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability or Asset to Healthcare Cost Trend Rate

The following presents the School District's proportionate share of the net OPEB liability or asset calculated using assumed trend rates, as well as what the School District's proportionate share of net OPEB liability or asset would be if it were calculated using a trend rate that is 1-percentage-point lower or 1-percentage-point higher:

| 1% Decrease | Current Healthcare Cost Trend Rate | 1% Increase |
|--------------|---------------------------------------|-------------|
| \$ (792,494) | \$ (287,687) | \$ 258,679 |

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued 2023 MPSERS Annual Comprehensive Financial Report, available on the ORS website at www.michigan.gov/orsschools.

Payables to the OPEB Plan

There were no significant payables to the OPEB plan that are not ordinary accruals to the School District.

Note 13 - Contingent Liabilities

Amounts received or receivable from grantor agencies are subjected to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of costs which may be disallowed by the grantor cannot be determined at this time, although the School District expects such amounts, if any, to be immaterial. A separate report on federal compliance has been issued for the year June 30, 2024.

Note 14 - Tax Abatements

The School District may receive reduced property tax revenues as a result of Industrial Facilities Tax exemptions and Brownfield Redevelopment Agreements granted by various municipalities within

the area. Industrial facility exemptions are intended to promote construction of new industrial facilities, or to rehabilitate historical facilities; Brownfield redevelopment agreements are intended to reimburse taxpayers that remediate environmental contamination on their properties.

For the fiscal year ended June 30, 2024, the School District's property tax revenues were not reduced by a significant amount under these programs.

There are no significant abatements made by the School District.

Note 15 - Changes Within Financial Reporting Entity

During the year ended June 30, 2024, a fund that was previously reported as non-major in the prior year was required to be presented as major in the current year. As a result, the following presentation change was necessary to be made in the financial statements:

| | Reporting Units Affected by Adjustments to Beginning Fund Balances | |
|--|--|-----------------------------------|
| | Debt Service Fund | Nonmajor Governmental Funds |
| June 30, 2023, as previously presented | \$ - | \$ 1,581,295 |
| Change from non-major to major fund | 381,795 | (381,795) |
| June 30, 2023, as adjusted | \$ 381,795 | \$ 1,199,500 |

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

Independent Auditors' Report

Members of the Board of Education
Centreville Public Schools
Centreville, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Centreville Public Schools, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Centreville Public Schools' basic financial statements, and have issued our report thereon dated October 24, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Centreville Public Schools' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Centreville Public Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Centreville Public Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Centreville Public Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditors' Report

Members of the Board of Education
Centreville Public Schools
Centreville, Michigan

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Centreville Public Schools' compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Centreville Public Schools' major federal programs for the year ended June 30, 2024. Centreville Public Schools' major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Centreville Public Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Centreville Public Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Centreville Public Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or agreements applicable to Centreville Public Schools' federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Centreville Public Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Centreville Public Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Centreville Public Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Centreville Public Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Centreville Public Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over*

compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Centreville Public Schools, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Centreville Public Schools' basic financial statements. We issued our report thereon dated October 24, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Centreville Public Schools
Notes to the Schedule of Expenditures of Federal Awards
June 30, 2024

Note 1 – Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Centreville Public Schools under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Centreville Public Schools, it is not intended to and does not present the financial position or changes in financial position of Centreville Public Schools.

Note 2 – Summary of Significant Accounting Policies

Expenditures

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in the Uniform Guidance where certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate

Centreville Public Schools has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Adjustments

Adjustments on the Schedule are due to the following:

- (1) Costs incurred in the prior year and booked as a receivable, but not entirely reimbursed by the grantor.

Note 3 – Reconciliation to the Financial Statements

The federal revenues per the financial statements reconcile to the Schedule as follows:

| | |
|--|-------------------|
| Federal revenues, per the financial statements | \$ 762,248 |
| Less: unavailable revenue FY23 | (4,986) |
| Plus: unavailable revenue FY24 | 484 |
| Plus: Adjustment described above | <u>1,259</u> |
| Federal expenditures, per the Schedule | <u>\$ 759,005</u> |

June 30, 2024

Note 4 – Subrecipients

No amounts were provided to subrecipients.

Note 5 – Michigan Department of Education Disclosures

The federal amounts reported on the grant auditor report are in agreement with the Schedule. The amounts reported on the recipient entitlement balance report agree with the schedule of expenditures of federal awards for U.S.D.A. donated food commodities.

Centreville Public Schools
Schedule of Findings and Questioned Costs
June 30, 2024

SECTION I – SUMMARY OF AUDITORS’ RESULTS

Financial Statements

Type of auditors’ report issued on whether the financial statements were prepared in accordance with Generally Accepted Accounting Principles:

Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? _____ Yes _____ X No
- Significant deficiency(s) identified that are not considered to be material weaknesses? _____ Yes _____ X None Reported
- Noncompliance material to financial statements noted? _____ Yes _____ X No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? _____ Yes _____ X No
- Significant deficiency(s) identified that are not considered to be material weaknesses? _____ Yes _____ X None Reported

Type of auditors’ report issued on compliance for major programs:

Unmodified

- Any audit findings disclosed that are required to be reported in accordance with §200.516(a)? _____ Yes _____ X No

Identification of major programs:

Assistance Listing Number(s)

Name of Federal Program or Cluster

10.553, 10.555, 10.559

Child Nutrition Cluster

Dollar threshold used to distinguish between type A and type B programs:

\$ 750,000

- Auditee qualified as low-risk auditee? _____ X _____ Yes _____ No

Management and the Board of Education
Centreville Public Schools
Centreville, Michigan

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Centreville Public Schools (the School District) as of and for the year ended June 30, 2024. We are required to communicate certain matters to you in accordance with generally accepted auditing standards that are related to internal control and the audit.

Our communication includes the following:

- I. Auditors' Communication of Significant Matters with Those Charged with Governance
- II. Matters for Management's Consideration

Matters for management's consideration are not required to be communicated but we believe are valuable for management.

We discussed these matters with various personnel in the School District during the audit and with management. We would also be pleased to meet with you to discuss these matters at your convenience.

This information is intended solely for the information and use of the Board of Education and management of the School District and is not intended to be, and should not be, used by anyone other than these specified parties.

Yeo & Yeo, P.C.

Kalamazoo, Michigan

Appendix I

Auditors' Communication of Significant Matters with Those Charged with Governance

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated July 2, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the School District are described in the footnotes of the financial statements. The School District has adopted the following Governmental Accounting Standards Board Statements effective July 1, 2023:

- Statement No. 100, *Accounting Changes and Error Corrections*, improves the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. More understandable, reliable, relevant, consistent and comparable information will be provided to financial statement users for making decisions or assessing accountability. Additionally, the display and note disclosure requirements will result in more consistent, decision useful, understandable and comprehensive information for users about accounting changes and error corrections.

We noted no transactions entered into by the School District during the year for which there is lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the School District's financial statements were:

- The useful lives of its capital assets. Useful lives are estimated based on the expected length of time during which the asset is able to deliver a given level of service.
- Leases receivable and the related deferred inflows of resources. The estimate is based on management's assessment of the likelihood of exercising renewal options and utilizing interest and discount rates.
- Net pension liability, and related deferred outflows of resources and deferred inflows of resources. The estimate is based on an actuarial report.
- Net other postemployment benefits (OPEB) liability(asset), and related deferred outflows of resources and deferred inflows of resources. The estimate is based on an actuarial report.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Disclosures in the financial statements are neutral, consistent and clear.

We have identified the following significant risks of material misstatement as part of our audit planning:

- Management override of controls
- Improper revenue recognition

Accounting Standards and Regulatory Updates

The Governmental Accounting Standards Board has released additional Statements. Details regarding these Statements are described in the footnotes of the financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial and communicate them to the appropriate level of management. Management has corrected all such misstatements except as discussed below.

Management has determined that the effects of the uncorrected misstatements summarized below are immaterial both individually and, in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit.

Management has chosen to not record financial activity for SBITAs in accordance with GASB 96, as they believe this activity is not material to the financial statements. On the district-wide statements, right of use assets are understated by approximately \$23,000, SBITA proceeds are understated by approximately \$44,000 and amortization expense is understated by approximately \$21,000. Management has also chosen to not record financial activity for leases in accordance with GASB 87, as they believe this activity is not material to the financial statements. On the district-wide statements, right of use assets and lease liabilities are understated by approximately \$51,000, and lease proceeds and amortization expense are understated by approximately \$39,000.

Management has determined to exclude disclosures related to SBITAs and leases which are typically required by accounting principles generally accepted in the United States of America as it was determined to be immaterial to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the date of the audit report.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School District's financial statements or a determination of the type of auditors' opinion

that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a

Other Reports

Other information that is required to be reported to you is included in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance For Each Major Federal Program; Independent Auditors' Report on Internal Control Over Compliance; Independent Auditors' Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance; and the Schedule of Findings and Questioned Costs. Please read all information included in those reports to ensure you are aware of relevant information.

Report on Required Supplementary Information

We applied certain limited procedures to management's discussion and analysis and the remaining required supplementary information (RSI) as described in the table of contents of the financial statements that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Report on Other Supplementary Information

We were engaged to report on other supplementary information as described in the table of contents of the financial statements, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Appendix II

Matters for Management’s Consideration

In planning and performing our audit of the financial statements of the School District as of and for the year ended June 30, 2024, we considered the School District’s internal control over financial reporting (internal control) as a basis for designing audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School District’s internal control.

However, during our audit we became aware of the following matter for management’s consideration that is an opportunity for ensuring compliance with grant regulations. This letter does not affect our report dated October 24, 2024 on the financial statements of the School District.

Net Cash Resources

As a result of the COVID-19 pandemic and flexibilities awarded related to eligibility and food distribution, meal claim revenues were in excess of anticipated amounts. A proportional increase to expenditures did not occur, resulting in the continuation of net cash resources exceeding the three-month average expenditure requirement included in the federal regulations. The noncompliance has not been determined to be material to the federal program or the financial statements, as it has not resulted in questioned costs or negatively impacted the program, as the District is actively working on using the funds to enhance the program. However, the District must continue to take action to return to compliance. The district may reduce lunch prices in a manner that is consistent with the paid lunch equity provisions, improve food quality, or take other action designed to improve the program. We recommend that Districts look at all possible enhancements to the program in order to develop a spend down plan to return to compliance with this requirement. *This is a repeat comment from the prior year.*
