

We Want to Hear From You!

Starting in early September, we want to hear what you think about Salina Public Schools and other important issues. Prepare to pick up your phones because we'll be calling random households to participate in a comprehensive survey of your opinions.

But don't worry if you don't get a call - you can also take the survey online! Watch for an email from SPS that contains a link to the online survey for our school families.

We value your input, so we encourage everyone to participate. Rest assured, your individual responses will be kept confidential. And here's the best part - we'll post a summary of the survey outcomes on our district website later this fall.

survey**

Ashtyn Hooper's Amazing Summer Experience

At just nine years old, Ashtyn Hooper shone at the North American One-Armed Golfers Association (NAOAGA) Junior Championship in Easley, South Carolina, securing 2nd place. Her story is a testament to resilience, opportunity and the power of family support.

Ashtyn, who is missing her left hand, has been around the game of golf her entire life. Her dad is Jason Hooper, head golf coach at South High School. She began at local practice facilities, increasing her strength to swing the club. She moved on to playing shortened holes and participated in First Tee classes at the Salina Municipal Golf Course.

The Hooper family's trip to SC highlighted the incredible opportunities available for kids with physical impairments. "The trip was amazing, and I can't wait to do it again!" said Ashtyn. Her success reminds us that with determination and support, any obstacle can be transformed. Read more about Ashtyn's inspiring story on our website.

Did You Know?
