

December 1, 2024

Good evening, POB School Community,

I hope you had a wonderful Thanksgiving weekend. The first day of December let us know winter is upon us.

Tomorrow evening, there will be a second presentation on Bond 2025: Propositions I and II at the Board of Education meeting. Below is a link to a question/comment form which will be addressed during the meeting. The presentation is posted on the Board of Education meeting agenda which can be accessed from [this link](#). If you are unable to view the meeting, please be reminded of an upcoming virtual town hall on December 9th at 7 PM where there will be a live question-answer component.
